## Gettysburg, Upper Adams School Boards Are Urging Two-District County Plan

This is the third in a series of articles The Gettysburg Times is publishing in connection with the upcoming re-districting of the Adams County public schools under provisions of Act 561 passed by the 1961 state Legislature. Today the two-district plan is discussed.

The two school districts in Adams County with the largest numbers of public school pupils are urging the Adams County Board of School Directors to adopt a two-district plan of reorganization.

They are the Upper Adams Merged District and the Gettysburg Joint School District. Three other boards, the Littlestown Joint, the Fairfield Joint and the Conewago Twp. boards, favor plan C which provides for one school district. Others have yet to take a stand.

Backers of the two-district plan in Gettysburg and Upper Adams stand ready to explain their preference for two districts. Two of their most able spokesmen are the respective superintendents, H. Edgar Riegler at Gettysburg, and Donald B. Hudson in Upper Adams.

Ten days ago at the meeting at which the Gettysburg board voted for the two-district plan, Superintendent Riegler told that joint board:

"I feel strongly that we should get the greatest number of administrative units in this county that we possibly can get under the act as it now stands and that is two districts. I believe a single unit would be buying a pretty big pig in a pretty big poke."

He pointed out that, if the county becomes a single school district, it would be a district of the second class and under present school law there is no state reimbursement for transportation in second class districts. He noted, too, that amendments are being prepared at Harrisburg to "cure" the omission in Act 561 that he said: "What is intended to be passed and what actually passes the Legislature may be two very different things."

Upper Adams Merged District Superintendent Hudson has this to say in support of the two-district plan:

"IT SEEMS UNWISE"

"The interpretation of Act 561 is to be based upon the situation at the date of its passage. As such, districts of the second class do not receive reimbursement for transportation and under a one-district plan Adams County would not be eligible for reimbursement for transportation as it would be a second class district. It seems unwise to submit a plan based upon the 'possibility' of a new act of the legislature to provide these transportation funds."

"By submitting a two-district plan, the county is assured transportation funds would be forthcoming from the state."

OTHER FACTORS

"Under a one-district plan, there is a likelihood that some longer transportation routes would have to be established, thus involving a longer school day for many high school students."

Then Mr. Hudson turned to what he considers other important aspects of the two-district plan:

"Under a one-district system the county would have but nine directors. Under a two-district system there would be at least 14 interested citizens who would have the opportunity to serve on school boards."

"A two-district plan would give Adams County opportunity for more gradual change toward full county centralization. If after a few years under two districts, a further merger would be deemed advisable, the move could be made then to a single district."

"Certainly under a two-unit plan there should be less upheaval in our high school programs and there would be easier adjustments for pupils. There is little reference in Act 561 to the welfare of our school children. However, no matter what plan the county board should decide upon, it should be the one that is best for the education of our boys and girls."

The plan that Gettysburg and Upper Adams are urging would put Gettysburg, Littlestown and Fairfield Joint districts into a single district and all of the remainder of the county in a second district.

That division would put 4,891 of (Please Turn To Page 11)

## 2 Cars Damaged In Crash At Noon

Damage totaled \$275 when two cars collided at 11:30 o'clock this morning at the intersection of E. Lincoln Ave. and Carlisle St.

Borough police said Bessie Emmanuel, 65, Gettysburg R. 5, had stopped her car because of the traffic light. John Mallard Jr., 21, a Negro, of Oglethorpe, Ga., attempted to halt, police said, and the brakes of his car failed to operate. The Mallard car struck the rear of the Emmanuel vehicle causing \$200 damage to the Georgia vehicle and \$75 to the local car.

## BANK'S ANNUAL APPLE SHOW OPENS TODAY

With the number of entries cut by last summer's hailstorms, the 36th annual apple show at the Gettysburg National Bank opened this morning when entries were judged and prize winners announced.

Two diamond displays of Red Delicious won the top prizes in the show. The first prize of \$15 went to Glenn Slaybaugh, Biglerville, and the \$10 second prize to David Pitzer of Aspers.

Prizes for the best plates of five apples in 10 varieties were awarded as follows with the winners listed in order:

## Hurricane Ella Swirls 90 Mile An Hour Wind; Heads For U.S. Behind Rough Seas

MIAMI, Fla. (AP)—Hurricane Ella, carrying 90 mile-an-hour winds and threatening to get stronger, ploughed northward in the Atlantic today. Gale winds already were reaching out to flirt with the U.S. mainland.

Termed dangerous by weathermen, the season's fifth tropical storm was headed approximately toward the Carolina Capes at 7 m.p.h., sending rough seas ahead of her.

Early today the storm was about 375 miles south of Cape Hatteras, N.C.

Gales extended 350 miles to the north and 25 miles to the south of the center.

Forecasters predicted Ella would intensify during the day and continue on her northbound course.

Ships 90 miles off the Carolina coast reported gales and seas to 11 feet Wednesday night. Ella's

fringe winds tumbled Daytona Beach, Fla., with 40-mile gusts as the hurricane churned along about 325 miles from the Florida East Coast.

Ella's north-northwest course began Tuesday afternoon. Before that, the storm zigzagged between north and west as it gathered strength, in a gradual rise toward her hurricane status it reached Wednesday.

Gales were predicted from Georgetown S.C. northward today and all interests from Georgetown to the Carolina Capes were urged to keep in touch with Weather Bureau warnings on Ella.

Vessels in Ella's path were advised to use caution. If Ella reaches the U.S. mainland, she will be the first tropical storm this year to do so. Predecessors broke up or turned seaward before hitting land.

## U.S. Will Launch Ranger 5 To Take Photos Of Moon

CAPE CANAVERAL, Fla. (AP)—The launch crew ticked off the countdown today as the United States prepared to propel a Ranger 5 spacecraft to the moon to take pictures and gather scientific data.

A thick blanket of clouds and 20-mile wind gusts—fringe effects of the tropical storm Ella—plagued the launch area as the countdown started. But officials were hopeful of favorable weather conditions during the scheduled launch period, a 2-hour 40-minute span starting at 11:38 a.m. Eastern Standard Time.

MISSILE DAMAGED

A Minuteman missile which exploded Wednesday night did not affect the Ranger 5 or its Atlas-Agena B launch vehicle, on a pad two miles away. A Jupiter missile was damaged severely when a flaming cloud of Minuteman landed on its pad.

Ranger 5 was ticketed for a 231, 500-mile, 70-hour journey to the moon.

The flight plan called for the vehicle to approach the moon about midday Sunday, snap a total of about 140 television pictures, relay them back to earth, and land an instrument capsule to register moonquakes and other lunar seismic disturbances.

## LOCAL LABOR PICTURE IS GIVEN AAUW

Despite heavy odds against it, the Gettysburg area has already secured two new industries during the last two years and there is a very good possibility that still another labor industry will locate here in the near future, Chamber of Commerce representatives told the AAUW Wednesday evening.

Details of the efforts of the Gettysburg Chamber of Commerce industry committee to secure new plants here and other details of the "Changing Labor Picture" in the county were outlined by a panel at the meeting of the Gettysburg branch of the American Association of University Women at the West St. branch bank.

Mrs. William Lott served as moderator for the panel which included Rev. Joseph Haggler, migrant labor chaplain for the county, and Douglas Houston and Richard Hartley of the Chamber of Commerce.

## "LOW SALARY AREA"

Houston and Hartley outlined the work of the industrial committee of the Chamber during the last two years, with Hartley explaining that the "odds are 18,000 to 1 against Gettysburg getting new industry." The odds are based upon the fact that some 18,000 communities, many with much more to offer industry than this area, are in the market for new industries and have active committees, and in many instances paid organizations, searching for new plants for their areas.

The area was described by the speakers as "low salary" with 75 per cent of the workers em-

## NEW SERVICE FOR TOURISTS IS PROPOSED

Are the present Battlefield Guide service and the Gettysburg Tours and other bus services sufficient for the people who want to see the Gettysburg Battlefield?

That is the question currently before the Pennsylvania Utility Commission as the result of the application of Dr. John J. Knox, York St., for permission to operate buses over the battlefield manned by licensed guides.

The hearing in the matter entered its second day Wednesday and is scheduled for two more days later this month. Attorneys for Dr. Knox at the conclusion of Wednesday's hearing in the courthouse told PUC Examiner Ray G. Replogle that at least another day will be needed to hear additional witness for Dr. Knox, and attorneys for those opposing the application estimated it will take them a day to present their arguments. As a result Replogle said the PUC will set two more days (Continued On Page 2)

## CATHOLICS TO MARK MISSION SUNDAY OCT. 21

Catholic Churches in the 15-Central Pennsylvania County area of the Diocese of Harrisburg, which includes Adams County, will join in the annual observance of Mission Sunday on Sunday.

In a letter to the Rev. Leo A. Beierschmitt, director of the diocesan mission office announcing the worldwide observance, Bishop Peter Sigismundi, secretary of the Sacred Congregation of the Propagation of the Faith in Rome, said, "World Mission Sunday, which is celebrated with the aim of stimulating the fervor and zeal of Catholics so they will aid in the work of missionaries in every possible way, this year coincides with the Second Vatican Ecumenical Council, an event of historical importance that has aroused universal attention and interest. . . . The missionary horizon is taking on colors of new hope. . . ."

The diocesan office of the society announced that last year a record total of \$259,350.04 was contributed to mission efforts throughout the diocese. Of this amount over \$130,000 was used to support mission efforts throughout the world. The remaining funds aided mission societies directly engaged in the work, as well as other mission efforts in the United States and in the Diocese of Harrisburg.

## Students To Give Musical Saturday

The "Premiere Players" of Gettysburg College, an independent group of students, will present the musical production "The Magic of Broadway" at 8 o'clock Saturday evening in the Student Union Building. The public is invited. There is no admission charge. Patrons will be treated on the first-come, first-served basis.

The production comprises 30 of the best songs from 25 musicals presented on Broadway during the past 10 years.

Miss Janet Johnson, of Gettysburg, plays one of the starring roles and Peter French, W. Middle St., a student, is the director.

The "Premiere Players" presented "South Pacific" last year and "Guys and Dolls" the year before.

## DEDICATE BELL TO MEMORY OF TOWN NATIVE

A carillon was dedicated Sunday to the memory of Mrs. Eugene K. Strebel, in the Christ Lutheran Church, Freeport, L. I., N. Y.

Mrs. Strebel, whose husband is pastor of the church, is the former Miss Aurelia Codori, a native of Gettysburg, who died suddenly late last year after a brief illness. Her father was the late William Codori, of Gettysburg.

The Schulerich "Coronation" carillon, made possible by gifts from members of the parish, friends and her husband to the Memorial Fund, provides the total equivalent of almost 40 tons of cast carillon bells tuned to the finest English standards. The low G bell is equal in tone to a cast bell weighing over 13,000 pounds. The carillon can be played from the keyboard of the organ console, or automatically by a calendar clock. Hymns will be played on an automatic basis each day at 6:30 p.m. The angelus bell will be played three times each day, 7 a.m., noon and 6 p.m.

Strebel had been active in organizational work with the New York-New England Synod of the Lutheran Church and was president of the Nassau-Suffolk Conference of the United Lutheran Church Women.

The flowers at the altar Sunday were given by her mother, Mrs. MaeBelle Codori, and her sister, Mrs. Carl Wilhelms. Mrs. Codori and her mother, Mrs. Abner S. Mills, formerly of Gettysburg, reside in Freeport.

## LAND IS SOLD FOR \$13,835

Attorney Ronald J. Hagarman, court-appointed master in the partition action brought by Preston J. Baumgardner and Bessie A. Trimmer, Wednesday sold six tracts of land owned by the late Elmer J. Baumgardner, Fairfield, for \$13,835.

All parties to the action were children and other heirs of Elmer J. and Sarah E. Baumgardner, and owned interests in the tracts. The will provided that the property be divided among 10 children, subject to a life estate of his widow, Sarah E. Baumgardner, who is a patient in a nursing home. The Gettysburg National Bank is the guardian.

Edward Snyder, Fairfield, purchased an improved tract with brick house on Water St., Fairfield, for \$5,000. An adjoining lot was purchased by Floyd E. Brown, Fairfield, for \$1,500. David Riley, Gettysburg R. 2, purchased a tract of 12 acres of mountain land in Hamiltonban township for \$1,650, and a six-acre tract for \$460. Wilbur Sites, Fairfield, bought eight acres with a house in Liberty township for \$3,725 and Preston Baumgardner bought a 12-acre tract of woodland in Liberty township for \$1,500. The sale was auctioneered by Clair Slaybaugh.

## Candidates Meet Veterans Sunday

Conway-Fulton Barracks, 563, Veterans of World War I, Inc., of York, today, invited all veterans' organizations in the Adams, York and surrounding areas to attend an open forum on veterans' legislation to be held at VFW home, 617 W. Market St., York, Sunday at 2 p.m.

Congressman George Goodling and his Democratic opponent Ronald Warner will discuss legislation as it affects veterans, widows and orphans.

## LICENSED TO WED

William M. Zinn and Ruth E. Herman, both of East Berlin, have secured a wedding license in Westminster.

## REPORTS \$268 MISSING

Wayne Wolf, York Springs R. 1, reported to York police Tuesday that his wallet, containing \$268, was missing after he had slept in his car overnight. Wolf reported to police that he had spent Monday with a man and woman at a York bar.

Notice: The office of Dr. Ray K. Drum will be closed from Thursday, October 18, through Saturday, October 20.

## TO DEDICATE PARK VISITOR CENTER HERE NOVEMBER 19

Dedication of the new \$1,000,000 National Park Service Visitor Center here will be one of the features of the "Remembrance Day-Dedication Day" weekend here November 17 to 19.

Chester S. Shriver, president of the Lincoln Fellowship of Pennsylvania and national commander-in-chief of the Sons of Union Veterans, today announced preliminary plans for the program which will include the sixth annual Grand Army of the Republic Remembrance Day program Saturday afternoon, November 17, at 3 p.m., at Woolson statue on the battlefield; the 32nd annual Past Commanders' and Past Presidents' Dedication Day dinner at the Hotel Gettysburg that evening at 6:30 o'clock; the annual Lincoln Fellowship of Pennsylvania Dedication Day dinner at the Hotel Gettysburg at noon Monday, November 19; the annual Dedication Day program in the National Cemetery at 2:30 p.m., November 19, and the dedication of the National Park Service in the dedication ceremony at the Center.

## GEN. FLUKE COMING

Maj. Gen. Henry K. Fluke, commanding general of the 28th Infantry Division, Pennsylvania National Guard, will be the speaker at the Remembrance Day program in Ziegler's Grove on the battlefield November 17. The 6th Battalion Field Band of the Sons of Veterans Reserve will provide the special music. National and department heads of the affiliated orders of the Grand Army of the Republic will place wreaths. In case of inclement weather the (Continued On Page 2)

## EXCHANGE TO HOST TOURING COUPLE AGAIN

The local Exchange Club will again pick a touring couple to be "Guests of Gettysburg" next Tuesday as part of the club's Week.

C. Robert Ziegler, chairman of the committee, which includes Wayne Kump and Philip Neth, said the committee, accompanied by state police, will be south of here on Route 15 Tuesday morning looking for an out-of-state car which may contain visitors to the town.

Police will stop the car — or cars if it works out that occupants of the first one stopped have no intention of visiting the town — and the committee will ask the touring couple to be the guests of the Exchange Club overnight.

## \$300 TO CHEST

The couple thus selected will spend the night free of charge at White's Motel. They will be given a guided tour of the Battlefield in Ernest Simpson's antique Cadillac. They will have their noon meal and breakfast the next morning at the Plaza Restaurant and will be guests of the Exchange Club Tuesday evening at its meeting at the Lamp Post Tea Room. A member of the history department of Gettysburg College will speak on Pennsylvania's history at the session.

This week the club, at its meeting at the Battleground Restaurant, made its annual contribution of \$300 to Community Chest. It also voted \$9 toward the construction of bleachers and an outfield fence on the Big Little League Diamond. Ten dollars had been donated by members prior to the meeting. The club received a letter from the Toledo, Ohio, Exchange Club asking details of the Freedom Shrine Exhibit placed by the local club in the high school here. The request was the third for such information, prior requests coming from the Cleveland, Ohio, and Tucson, Ariz., Clubs.

President Jack Chronister reported that there will be no meeting of the club October 30 because of the Halloween parade here that night.

## DR. RALPH HEIM FASCINATED BY INCA CULTURE

Dr. Ralph D. Heim, professor of religious education and English Bible, now on sabbatical leave from the Lutheran Theological Seminary, on his way from Peru to Argentina wrote the following interesting letter to The Times:

"Greetings from six miles up and 600 mph over the Pacific, en route from Lima, Peru, to Buenos Aires, Argentina, a 2,500-mile trip via Santiago, Chile. We may see the famous Christ of the Andes and the tallest mountain in the western hemisphere.

"Mexico City is a great one; Guatemala, pleasant; Panama, beautiful. In contrast, Quayaquil poverty is overpowering. In Lima a well-dressed and orderly people go about their business in an industrious and gracious manner. The population, as in so many places, is increasing rapidly. I saw one area being readied for 10,000 new homes. Here is San Marco University, oldest in the western hemisphere, getting a new campus, not an uncommon development in a world that is education-conscious.

### SEE INCA CITY

"The sightseeing event was yesterday's trip to Pachacamac, one of the great Inca centers, 20 miles south on the coast. One sees from a long distance the Temple of the Sun on an eminence facing the sea. Nearby is the Temple of the Moon, now reconstructed, even with a swimming pool. The size of the city is incredible. You drive through a long, long street toward the ocean with the walls of homes on either side; and this is only a bit of it all. Decades and tens of millions could go toward its excavation and reconstruction.

"All the water for the city and the fields nearby had to be brought from the Andes mountains. The fishermen in turn sent fresh fish by relay runners over the famous Inca roads to such mountain fortresses as Cuzco. Friends who have visited the museum say it contains advanced surgical instruments found in this city.

"Santiago is praised by those who know it. The eastern cities next on the itinerary are said to be Americanized. British Guiana and Curacao should be different. We shall see.

"Not too many days from Miami one begins to summarize. Let no one underestimate the service to mankind, the missionary movement past and present. We owe a debt of gratitude also to the others who serve in hardship posts; UNO and state department personnel, teachers, technicians, Peace Corpsmen, helpers, all kinds. It isn't all glamour! Finally, pledge allegiance to the American flag with a full heart and devoted loyalty."

### COUNTYMAN PROMOTED

Sp/5 Hammond M. Geyer, son of Mr. and Mrs. Wilbur Geyer, Cashtown, was recently promoted to his present grade after being chosen the outstanding Sp/4 before a promotion board. This is the second promotion Geyer has received in the past four months. He has been instructing in the radar data processing course (F.O.S.) at the Air Defense Center, Fort Bliss, Texas, for the past seven months. He is a graduate of Gettysburg High School in the class of 1959. He and his wife and son, Michael, reside at 3701 Fred Wilson Rd., Apt. 7, El Paso 4, Texas.

**Mr. and Mrs. Guyon E. Buehler, R. 3**, spent Tuesday and Wednesday in Lancaster where Mrs. Buehler attended sessions of the 57th annual meeting of the Episcopal Churchwomen of the Diocese of Harrisburg. At the early morning Communion service at St. James Church Wednesday morning, the bishop of Harrisburg, the Rt. Rev. John Thomas Heistand, blessed the fall united thank offering of the women which amounted to \$3,720.87 and which will be augmented by those branches who were not at the meeting. The local branch sent \$70.05, one of the largest totals ever received from the blue boxes here. The speaker at the Tuesday evening session was the Rev. James W. Kennedy, D.D., rector, the Church of the Ascension, New York, and secretary of the Joint Commission on Ecumenical Relations. He is the author of the book "No Darkness at All" studied by Episcopal Churchwomen. Miss Eleanor Peterson, executive secretary of the United Church Women of Pennsylvania, attended all sessions and was one of the speakers.

**Taneytown Woman Driver Is Charged**  
Marguerite C. Williams, 42, Taneytown, R. 2, was arrested this morning on a charge of failing to yield the right of way as a result of an accident on Chambersburg St.

According to borough police, who filed the charge before Justice of the Peace Robert P. Snyder, the accident occurred at 9 o'clock as the Williams car, headed east, started to move out of a parked position and collided with an east-bound pickup truck driven by Floyd Miller, Gettysburg, R. 4.

Damage was estimated at \$150 to the Williams car and \$75 to the pickup truck.

**Engagements**  
Myers—Davis

The engagement of Karen Joan Davis, daughter of Mr. and Mrs. James D. Davis, Dover, R. 1, to Gerald Bentz Myers, son of Mr. and Mrs. John L. Myers, East Berlin, R. 1, has been announced by her parents.

The bride-elect, a 1962 graduate of Dover Area High School, is employed by William Bernstein and Sons Company, York. Her fiancé, a 1961 graduate of Northern High School, is employed on the family farm.

**LUNCHEON SESSION**  
On Friday at 11:30 a.m. there will be a luncheon meeting of the Membership Committee of the Gettysburg Travel Council at the Lamp Post Tea Room.

## NEW SERVICE

(Continued From Page 1)

for additional hearings on the question.

**REGULAR SCHEDULE**  
Atty. James W. Hagar, Harrisburg, and Atty. Donald M. Swope, Gettysburg, are representing Dr. Knox's Centennial Cab Company, the applicant for permission to operate buses over the field. Atty. E. S. Burch, Harrisburg, is representing the local Gettysburg Tours and Capitol Bus Company, Harrisburg, with Atty. Edward B. Bulleit, Gettysburg. Atty. C. V. Graf, Harrisburg, is representing Paul Wolf, York Springs, operator of Wolf's buses.

Dr. Knox told of plans to establish a regular schedule of bus tours over the battlefield with a licensed battlefield guide to give details of the battle and answer questions. Dr. Knox said his buses will make a number of stops on the field for further explanation by the guides and to permit the taking of photographs.

**"NEED FOR SERVICE"**  
The local physician said there is need for such a service and submitted National Park figures revealing that 1,700,000 visitors were here last year and indicated an increase in the number of visitors in the future.

Witnesses for Dr. Knox testified they toured the field in Gettysburg Tours' buses with a taped recording of the battle, but they felt there is also a great need for the factual type of story given by guides.

Dr. Knox's attorneys submitted National Park regulations which prohibit anyone except licensed guides from taking others on tours of the battlefield for a fee. Testimony indicated that the drivers of the Gettysburg Tours, as a result of park regulations, may not tell the story of the battle.

George Dadz, Barrington, N. J., testified Wednesday afternoon that he had taken both a guided tour and a trip on the Gettysburg Tour buses. The bus tour story of the battle as given on the taped recording was more dramatic, he said, but he declared that he "learned more" about the battle on a trip with a battlefield guide. He said he could not ask the bus driver any questions on that tour. "I was in the back of the bus and I didn't think it good manners to yell over the top of the tape." He said the bus made one stop, at Little Round Top, and there the bus driver did not furnish any information but referred the tourist to a ranger I think he said "on Little Round Top who 'could answer any questions.'"

Among witnesses Wednesday were Borough Councilmen Richard Smith and Rebecca Schwenk, both of whom said they preferred the guided tours. Both stressed they appeared at the hearing as individuals and not as members of council.

The battlefield guides, Bradley Rosensteel and David Deitch, testified that during the peak of the tourist season there are frequently lines of cars waiting at guide stations for guides and that guide stations could be used at those times. They said that a busload with a guide would be a more efficient way of utilizing guides to meet the need during the heavy tourist season than having one guide in one car. Both said they were not speaking as guides but as observers.

**DOCTOR TESTIFIES**  
Dr. Samuel Kirkpatrick, Hanover physician who impersonates Jeb Stuart in battle reenactments, said the tape recording in the bus was "all right" and "dramatic" but that the visitor would receive "much more information" about the field by using a guide.

S. Blaine Miller, manager of the Howard Johnson Motel, said he tried to secure guides for guests at his motel last summer but that on many occasions he could not because the guides were all busy. He said some of those who wanted guide service took the bus tour but would have preferred the guides.

**Feather Serves As Panel Consultant**  
James R. Feather, a business education teacher in Gettysburg High School, recently served as a consultant in clerical practice at the Eastern Business Education Association convention in New York City. The convention theme was "What's new in business education."

Mr. Feather's prepared comments as a panel member centered around various teaching methods in clerical practice courses, the use of community resources, film, speakers and field trips, to keep abreast of the changes in the business world, and the need to work with the guidance department in planning the business curriculum and student assignment.

**YOUTH IS KILLED**  
Junior Nida, 20, son of Mr. and Mrs. Bee Nida, Laurel, Md., and nephew of Mr. and Mrs. Ray Golden, 140 Chambersburg St., was accidentally shot and killed Tuesday evening by a friend at his home. The young man had been shooting target and when they returned to the house the gun of the other young man was fired accidentally as he was twirling it. The shot went through the heart of Nida and killed him instantly.

### PARKED CAR HIT

Mrs. Ruth Price, Gettysburg, R. 1, reported to borough police at 10:15 o'clock Wednesday evening that someone had struck the left rear fender of her car while it was parked on Carlisle St. and drove off without reporting the incident. She said damage to the fender was about \$40.

## TO DEDICATE

(Continued From Page 1)

program will be held indoors at the Visitor Center. A tour of the Visitor Center will be held following the program. The program at the cemetery will follow a parade from Lincoln Square to the cemetery.

The national and department heads of the GAR affiliated organizations will again bring greetings at the Past Commanders' and Past Presidents' of the Sons of Union Veterans and Auxiliary dinner at the hotel that night.

### CATTON TO SPEAK

Bruce Catton, Civil War historian, is among those scheduled to take part in the programs November 19, Congressman George A. Gooding of this district and Congressman Fred Schwengel, a Lincoln historian, are among those who have accepted invitations to the dinner meeting of Lincoln Fellowship on that date plus the other activities that day.

Speakers other than Catton and Schwengel have not as yet been announced but the program at the hotel will be followed by the annual parade through the town to the National Cemetery where the services marking the 99th anniversary of the dedication of the National Cemetery by President Lincoln will be observed at the Soldiers' National Monument, the site of Lincoln's speech. The program at the cemetery will be shortened because of the dedication exercises to be held immediately thereafter at the Visitor Center.

Announcement has not been made of the speaker for the dedication of the center. A large number of National Park officials and others have accepted invitations to attend the program.

Jonathan, Oliver Heacock and Stanley Rebert.

Red Delicious, William Brent and Stanley Rebert.

The prizes for the plates of five apples ranged from \$7.50 for first prize, \$5 second, \$3 third to \$2 for fourth place.

### 15-INCH APPLE

The largest apple in the show was a Stayman displayed by El Vista Orchards, Fairfield. It won a \$2 prize and measured 15 inches on both circumferences.

The judging was done this morning by Carl Bitter of Pennsylvania State University. He praised the exhibits as being of "exceptional equality."

### OPEN FRIDAY, SATURDAY

Bank officials said that a number of regular exhibitors in the apple shows of other years, from the Orrtanna and Cashtown areas did not enter displays this year because of the hail damage their orchards suffered.

The bank will remain open this evening from 7 to 9 and will be open Friday and Saturday during regular banking hours. The bank is open Friday evening from 6:30 to 8:30 p.m., and on Saturday until noon.

County Apple Queen Brenda Bean will attend the apple show Friday evening and will be there again Saturday morning until 11 o'clock.

## SEE SIGNS K WILL PUT OFF BERLIN CRISIS

By WILLIAM L. RYAN  
AP Special Correspondent

Evidently Premier Khrushchev once again wants to postpone a serious crisis over Berlin, perhaps beyond the first of next year.

The Soviet press gives the strong impression that the Kremlin is not ready for a showdown and the risks it would involve.

There seems a distinct relationship between Western toughness and Soviet tractability. The firmer the West, the more cautious the Kremlin drive seems to be.

### ANOTHER CLUE

Pravda and other Soviet propaganda organs appear to strive desperately to dispel the idea that a major crisis over Berlin's future is coming in the immediate future. The Soviet press chides those who speak of a Berlin "crisis," calling such talk warmongering to heat up the international atmosphere.

Another clue: The annual list of slogans for the 45th anniversary of the Communist revolution, to be celebrated in November, is much softer in tone than the slogans issued last spring for May Day.

The slogan on Berlin, for example, reads this way: "Peoples of all nations! demand the conclusion of a German peace treaty and the transformation of West Berlin into a free demilitarized city." That's all.

### RECALL SLOGANS

May Day slogans demanded conclusion of such a treaty in the swiftest possible time and violently denounced alleged Western plans to transform West Germany into a "hotbed of war."

The slogan concerning West Germany now reads: "Warm greetings to workers and all progressive forces of the Federal German Republic struggling against militarism and rebirth of fascism." That's much milder.

Another clue: The puppet Communist regime of East Germany has just announced plans for its sixth party congress early in 1963 to draw up new proposals concerning the German question. That hardly indicates that East German boss Walter Ulbricht expects decisive action before that time.

### REASONS UNCLEAR

Why the Kremlin has shifted to a softer tone is not so easy to pin down. The reasons can be manifold. Khrushchev may be worried about internal economic and political problems. He may be worried that the U.S.S.R., now involved by way of Cuba in the Western Hemisphere, may be juggling too many dangerous things at the same time and over-extending itself.

Khrushchev has his own set of pressures at home from a population growing more demanding all the time. Some time ago he said he would do nothing to push the West out of Berlin until after the U.S. elections. But he did not say how long after the elections. He left himself a way out.

### Newspaper Is Backing Clark

PITTSBURGH (AP)—U. S. Sen. Joseph S. Clark, running for reelection on the Democratic ticket, had today the endorsement of the Pittsburgh Post-Gazette.

An editorial called "Our Choice for The Senate" in this morning's edition of the newspaper said:

"We believe that Mr. Clark should be returned to the Senate because he has demonstrated his effectiveness as a legislator, because he is a consistent champion of the individual's basic rights and freedoms, and because he has supported the foreign policies of the last two presidents, one a Republican, the other a Democrat."

## DEATHS

MILWAUKEE, Wis. (AP)—Father William H. McCabe, 69, president of Creighton University in Omaha from 1944 to 1948, died Wednesday of a heart ailment.

MEMPHIS, Tenn. (AP)—Jerome P. Robertson, 62, former musical comedy star and concert singer, died Wednesday.

TOKYO (AP)—Tsuruhei Matsuno, 78, former president of Japan's upper house, died Thursday of diabetes.

BOMBAY, India (AP)—Sir Cowasjee Jehangir, 83, Indian industrialist, art patron and philanthropist, died Thursday.

NEW YORK (AP)—Albert L. Furth, 60, assistant editorial director of Time, Inc., died Wednesday after an illness of several months. Furth, who joined Time Inc. as an associate editor of Time Magazine in 1930, was born in Alameda, Calif.

ONTARIO, Calif. (AP)—The \$25,000 Ontario Open Golf Tournament opens today with a small but select field of better known professionals.

Among those entered were Gene Littler; Tony Lema, who was the runner-up last week to Billy Casper Jr., in the Bakersfield Open; Bob Goalby, George Bayer, Billy Maxwell, Jim Ferree and Jacky Cupit.

## LOCAL LABOR

(Continued From Page 1)

played in the area earning between \$1.51 to \$1.80 an hour compared to a national average of \$2.65 an hour.

At the same time the area does not have a great deal of unemployment. As of September, Houston said, there were only 444 unemployed, excluding seasonal employees, compared to 370 unemployed in May. Of the unemployed, 225 were males and 219 females. Houston said that the average unemployment in the area is "about 500, divided about evenly between male and female workers."

### LACK ZONING HERE

"We do not have a big enough labor force to attract industry. In general, according to the information given our committee by the 26 industries which have shown an interest in the area over the last two years, industry likes a labor ratio of eight to one. That is, eight possible employees for each person they contemplate hiring. The best ratio we can obtain here is three to one."

Hartley said, "One of the things industrialists ask the committee locally is whether there is zoning here and they are disturbed when told that the county has no zoning. The industries like the protection that zoning gives them."

Houston, who is statistical secretary for the Chamber's industrial committee, and Hartley, who is chairman of the president's advisory committee of the Chamber, demonstrated the questions that have been asked by the 26 industries that have shown an interest in locating here and the answers they have received by Hartley pretending to be an industrial representative while Houston appeared as a member of the local C. of C. committee answering the questions pertaining to labor, salaries, water availability, etc., asked by the industrialists.

### URGES ADULT CLASSES

Chaplain Haggler said the quality of the migrants coming to this county in the last three years has improved greatly, partly because of a screening operation he conducts in Florida. He urged that the community should not try to change the habits of the migrants but accept them as they are. He said that while open discrimination against the migrants is not seen here it exists in local attitudes.

He urged adult education for migrants in the evenings and said there are 200 to 250 who would welcome the opportunity to learn the three R's. He said the Negroes here are "devout and religious" and expressed the opinion a larger percentage of them attend religious services regularly than do the white residents of the county. More and more of the Negroes are staying in this community throughout the year and 80 of their children are currently in the county schools.

### QUESTION PERIOD

County Superintendent of Schools M. Francis Coulson said the migrants' children are not discipline problems. One Negro has joined the Future Farmers of America and three are on the Biglerville football squad.

During a question period that followed the panel discussion, Houston and Hartley said the lack of skilled labor is another handicap this community has in seeking new industries. They also noted that in the recent \$2 bill demonstration by the Travel Council, \$3,000 of the total of \$4,000 distributed came back to local banks. They said the county labor situation is "actually very favorable" with only five per cent unemployed.

NEW YORK (AP)—Vern Burke of Oregon State is grabbing passes at a record rate and West Texas State's Jerry Logan is making a one-man race of the individual scoring struggle, according to the latest NCAA individual college football statistics.

Burke has caught 32 passes in his first four games, or 59 per cent of the passes Oregon State has completed. Never before has a single receiver caught more than half the passes thrown by an air-minded major college team.

## 3 RECEIVE NOBEL PRIZE FOR MEDICINE

STOCKHOLM, Sweden (AP)—

Three biochemists, two of them Britons and the other a Harvard professor were awarded the 1962 Nobel Prize for medicine today for their research into the secrets of life—including why a blond child's eyes are blue.

Dr. James Dewey Watson, the youngest at 34, is a professor of biology at Harvard University; Dr. Francis Harry Compton Crick, 46, is attached to the Institute of

Molecular Biology at Cambridge, England; Dr. Maurice Hugh Frederick Wilkins, 46, is deputy director of Biophysics Laboratory at King's College, London.

Dr. Wilkins presently is working at Sloan-Kettering Institute for Cancer Research in New York. Dr. Watson received his Ph.D. degree from Indiana University in 1950, was National Science Foundation fellow in Copenhagen in 1951 and studied at Cambridge, England, in 1951, and 1952.

### STUDY OF GENE

The three were cited "for their discoveries concerning the molecular structure of nucleic acid and its significance for information transfers in living material," which means it adds to the world's knowledge about heredity.

Basically the work was a study of the gene, the entity which is concerned with the transmission and development or determination of hereditary characteristics.

The award for medicine is the one of five Nobel prizes awarded under the terms of the will of Alfred Nobel, Swedish inventor of dynamite who died in 1896. The other prizes are for literature, chemistry, physics and peace.

This year's awards are worth 257,219 Swedish crowns—\$49,656.

The joint winners of the prize for medicine were heralded for their discovery of the three-dimensional structure of nucleic acid.

The announcement said this discovery "will have far-reaching consequences in biology and medicine. Research workers all over the world are busy trying to de-

## To Study Bridge Needs To 2,000

CAMDEN, N.J. (AP)—The Delaware River Port Authority has

hired an engineering firm to survey bridge needs for the next 38 years, and may decide from the results whether to first build the Chester-Bridgeport or Bridesburg-Delair spans.

The authority Wednesday set Flower Street in Chester, Pa., as the site for its span to Bridgeport.

cipher the biological code in all its varieties and the breakthrough for this most fundamental problem is the discovery of the molecular structure of deoxyribonucleic acid made by this year's award-

ees."

Mayor James Tate of Philadelphia suggested the authority study a bridge from Bridesburg to Delair.

Paul MacMurray, authority executive director, said the Chester-Bridgeport span would cost \$50 million, and would have to be at least six lanes. He said the Bridesburg-Delair span would be cheaper, because it is shorter. The distance from Chester to Bridgeport is about two miles.

LAUREL, Md. (AP)—Carry Back, owned and trained by Jack Price, and Kelso, owned by Mrs. Richard C. du Pont, were invited today by the American selection board to represent the United States in the Washington, D.C., International on Nov. 12.

## Doe Permits Gone In 48 Counties

HARRISBURG (AP)—The state Game Commission reported

Wednesday 48 counties have sold their quotas of antlerless deer hunting license.

Counties which still have licenses for sale for the one-day season Dec. 17 are: Allegheny, Beaver, Bucks, Chester, Crawford, Delaware, Erie, Greene, Lancaster, Lawrence, Mercer, Montgomery, Montour, Susquehanna, Washington and York.

Westmoreland County has not yet placed antlerless licenses on sale and will not presently accept applications.

Licenses may be used only in the county where issued.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

**TWENTY YEARS AGO**  
Buys Stock: J. C. Shank, proprietor of the Gettysburg Hardware Store, Baltimore street, has purchased the entire stock, excepting the paint, of the Luther I. Sachs Hardware store, York street. Mr. Shank intends to move the stock to his place of business this week.

**Parishioners Donate Scrap:** "Scrap Metal Sunday" at the St. Francis Xavier Catholic Church brought a variety of scrap metal items and an estimated total of more than seven hundred pounds. Parishioners carted or carried in their arms various items of scrap metal and placed them on a scrap pile between the school and the church. The scrap will be sold and the money divided between the Red Cross chapter in Adams County and the United Service Organization.

**The Gettysburg Concert Association** membership drive closed Saturday evening and no more memberships will be sold this season. The three artists who will present concerts this season include: Edward Roecker, baritone, who made his debut at the Roxey theater in Philadelphia and has appeared with the Philadelphia orchestra, the RCA Magic Key concerts, Paul Whiteman's orchestra and other well known musical organizations. He has received as many as 12,000 fan letters from one radio broadcast; Suzanne Sten, mezzo soprano of Viennese and Hungarian ancestry, who has appeared with the CBS symphony orchestra, Walter Damrosch's Musical Appreciation Hour and others; and Erno Balogh, international famous pianist and winner of the Franz Liszt prize in Budapest.

**Lieut. Jacob Britcher**, who has been on a five-day leave from Brookley Field, Mobile, Alabama, left today to report to his new post at the Army Air Base, Greenville, Miss.

**Trimmer's To Close Store:** Trimmer's five and ten cent store, which has been a fixture in the Gettysburg business district for more than three decades, will begin a closing-out sale on Saturday. Henry Gessner, district manager for the Trimmer chain of stores which now numbers 10, was here today to make arrangements for the sale. He helped set up the store in its present quarters about 13 years ago. The store was opened here in 1910 by the late Samuel E. Trimmer, who moved here from New Oxford. The business was established on Baltimore street at the corner of West Middle Street and continued there until it moved to the Sachs building early in 1929. Samuel E. Trimmer, the founder, died of a heart attack in his Baltimore street storeroom on February 27, 1922.

**Guns Used Here Donated As Scrap:** Four brass field pieces, known as Napoleon guns, which were used in the Battle of Gettysburg, have been turned over to the Quartermaster Depot at Philadelphia as part of the scrap drive. The guns, each weighing 800 pounds, were the property of the Pennsylvania Military College.

**Soroptimists Pack Kits:** The Soroptimist Club met Tuesday evening at the home of Miss Evelyn Altoff, Littlestown. A committee consisting of Mrs. Elizabeth Hennig, Mrs. Wayne Keet and Mrs. Clyde Daley, assisted by Mrs. Mae Beales, reported that it had packed the 25 service kits for soldiers in accordance with the club's pledge to the Red Cross. The kits were made under the supervision of Mrs. Harry D. Ridinger, Mrs. Guyon Buehler extended an invitation to the members to attend the meeting at the YW Thursday evening when air raid instructions for women will be given under the sponsorship of the Business and Professional Women's Club in cooperation with the Adams County Council of Defense.

# Today's Talk

THE INSPIRERS

We miss out so frequently in rendering due honor to those who inspire us.

But all too often the gift is accepted without a return in thanks. Just let some great man speak a ringing sentence for prosperity and justice for all and sound conditions and instantly almost the whole world responds. It feels what he expresses.

What's the secret? The secret is in character. Character makes for a nation's prosperity. Narrow beliefs and milk-and-water faith will dry up any community or country. They will kill any business. They will divorce any friend.

God will befriend the man who inspires others. He will walk with him long time many a silent night and not once bring up his faults.

It's great to have a friend so that you can inspire him and he you. I can think of no greater goal as an ambition for a man or woman.

Tomorrow Mr. Adams will talk on the subject: "Buried Beauty"

Protected, 1962, by The George Matthew Adams Service

**Just Folks**

How would you describe a man? Five feet and eight inches all? Measure thumb and finger span? Say the hands are large or small?

Catch in ink his finger prints? Eyes of blue or brown or gray? Having all these little hints That you know him would you say?

What if I should say to you: "Will you meet a friend of mine?" He has brown hair, eyes of blue And he measures five feet nine; He is forty-eight years old; Wears blue clothes and shoes of tan.

If no more than this I told Would you think I knew the man?

"You would ask me then and there: What's he fond of? Books or flowers?"

How when he has time to spare Does he spend his idle hours? Is he honest, is he kind? Is he patient under strife? Is he vulgar or refined? What's he doing with his life?"

Man is more than weight and size, More than measurement portray. If you never cast your eyes On his little garden gay Or the things his heart and mind Are forever stamped upon, You won't know him though you find All the marks of Bertillon.

**\$400 BUDGET IS OKAYED BY PTA**

A budget totaling over \$400 was adopted and a program on "home library" was presented at the October meeting of the Littlestown Jointure Parent-Teacher Association held Tuesday evening at the Rolling Acres Elementary School.

Donald C. Feeser, librarian at the local junior-senior high school, told the group how to choose books for the home, noting that in colonial homes only the Bible and the almanac were in use but a complete source of information is now available. He suggested for home libraries the following: Bible, dictionary, world almanac, Information Please, atlas, first aid manual, cook book, a "do-it-yourself book," encyclopedia, a book of hobbies, poetry and, of course, a daily newspaper. Mr. Feeser was introduced by Mrs. Gilbert Evans, program chairman for the evening. John H. Riley, element-

**Assumes New Post:** Mrs. Helen Corbett, Carlisle street, began her duties this morning as secretary to the county rationing board. She formerly was employed in the business office at The Gettysburg Times. Mrs. Corbett is the second secretary assigned to the county board. The other is Mrs. Mildred J. Weaver.

**Gigantic Naval Battle Looms:** An apparently decisive conflict for domination of the southwest Pacific raged in the Solomon Islands today between American forces and strengthened Japanese troops supported by a heavy invasion fleet. The enemy's effort to dislodge U. S. Marines and Army troops from the important Guadalcanal airbase which the Americans seized last August brought heavy fire from newly landed Japanese artillery and bitter ground fighting. Naval quarters saw likelihood of a major sea battle in this crucial conflict of the Solomons, possibly even greater than at Midway or in the Coral Sea.

BLAST KILLS  
THREE IN UTAH

By T. JEFF WILLIAMS

BACCHUS, Utah (AP)—Three men were killed and 18 injured Wednesday in an explosion of 4,000 pounds of rocket fuel—the second in less than two months at the Hercules Powder Co. plant here.

An explosion of 3,000 pounds of experimental rocket fuel Aug. 23 also killed three men.

Killed Wednesday were Larry Larsen, 26, and Charles Eutler, 30, both of Salt Lake City, and Grant C. Terry, 36, American Fork. They were inside or just outside a 20-by-30 foot frame and concrete block building used for preparation of solid fuel when the blast occurred.

**HOLE IN GROUND**

The explosion left only a hole in the ground where the building had stood. Cause of the blast has not been determined.

The plant manager, R. C. Tucker, said the firm's production of solid propellant for Polaris and Minuteman missiles would not be affected. No rocket engines were damaged, he said.

The blast sent a fireball and a mushroom-shaped cloud of smoke and debris shooting about the plant, 15 miles southwest of Salt Lake City. It shook homes five miles away.

An adjacent concrete block building used for mixing missile fuel was heavily damaged. Another structure 400 yards away housing a 25 million electron-volt X-ray machine was slightly damaged.

Of the 18 injured only four were hospitalized.

Most of the injured were hit by debris or suffered from concussion of the blast.

Authorities said further damage was avoided because the destroyed structure was barricaded and sat on a small hill, slightly above adjacent buildings. All but the roof was covered with dirt.

There was no estimate of damage.

tary principal, also spoke briefly.

The meeting opened with the pledge to the flag and the group singing of "America," accompanied by Mrs. Theresa Eshbach.

The invocation was offered by the Rev. George Shultz Jr., pastor of St. Luke's United Church of Christ, near town. Vocal selections were rendered by James Buffenmyer, a student at Gettysburg College, who was accompanied by Mrs. Eshbach.

President Sterling J. Wisotzky presided and heard the reports of Mrs. Fred W. Hartlaub, secretary, and Mrs. Robert R. Reinman, treasurer. Mrs. Eva Seitz, chairman of the membership committee, announced that the membership drive will be conducted from now through November 9. Dues are 50 cents. There will be cash prizes for the classroom with the highest number of members as follows: First, \$10; second, \$7.50, and third, \$5. The attendance award on Tuesday was won by the Second Grade taught by Mrs. Marian Richter. Refreshments were served at the conclusion of the program.

American Education Week will be observed at the next meeting of the PTA on Tuesday, November 20. Mrs. Gertrude Knouse will be program chairman and open house will be held prior to the meeting.

In 1961, Roger Maris and Mickey Mantle hit a total of 115 American League home runs. In 1962 they hit between them. Maris has 61 in 1961 out only 33 in 1962.

PITTSBURGH (AP)—Democratic gubernatorial candidate Richardson Dilworth needs a majority of some 225,000 votes in his home town of Philadelphia to win—but he won't get them, says U. S. Sen. Hugh Scott, R-Pa.

Scott, who is not running for re-election this year, made the prediction Wednesday during a campaign tour of Allegheny County in support of the GOP candidates.

"Dilworth will need between 225,000 and 250,000 in majority votes in Philadelphia, which he will not get," Scott told newsmen.

Noting that Dilworth was elected mayor of Philadelphia by a majority of 109,000 in 1959, Scott said that in his opinion in the current gubernatorial contest, "The Dilworth majority will be less than 105,000—considerably less."

ON TV BRING  
BIG PROBLEMS

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—It's those decisions that are so tough. For instance, I just can't make up my mind whether I want to get rid of dirt backwash, have my clothes not just clean but clean clear through or put some muscle in my washing machine.

Is my hair normal, easy to manage or hard to manage? Is it really what's up front that counts or does fine tobacco gentle the smoke as it travels mouthwards? And, if so, why am I fretting about that extra margin?

Do I want double-pleasure or an assortment of gay colors in my chewing gum? Why can't I get my family to brush after every meal? After all I find time to give myself a soap beauty treatment three times a day. Would I rather have the girls in my bridge club see the ugly stains in my sink or know that my little family is protected by the germicidal action of my scouring powder?

Do I want fast, fast, fast relief from pain of headache, or would it be better if I took another pill to stop snapping at my poor old mother—who only wanted to put some salt in the stew?

I tell you, these are the things that keep you tossing through the morning hours. Maybe I'll just put myself on a commercials diet until this trouble clears up.

ABC will slip a new color film, "A Story of David," into its Sunday night movie spot on Nov. 18—a radical departure from its policy of showing vintage movies. The two-hour show was originally made in the fall of 1960 in Israel for a two-part television special for network use but was not ready in time for that season.

Preliminary popularity ratings, based on a 30-city Nielsen survey, indicate that, among the season's new shows, the audience still loves "Lucy" best, with "Beverly Hillsbillies" and "The 11th Hour" in place and show positions.

SQUAD SESSION

PHILADELPHIA (AP)—The Philadelphia Eagles, upset by their 1-4 record and facing tough Washington in a National Football League game Sunday, are planning a squad meeting before the end of the week.

Veteran end Bobby Walston described the meeting as an effort "to stop any criticism of each other and see if we can pull ourselves together as a team."

"I think our mental attitude is hurting us," said Walston today. "We are letting little things bother us. We should stop criticizing each other when we make mistakes. There should be an end to resentment and one man blaming the other."

Walston admitted he wasn't playing up to his performances of 1960 when the Eagles won the NFL title and last season when they missed the Eastern Division crown by a half game. He said "I do not think we have been playing our best."

"I don't care if the passers ever throw to me as long as we win," said Walston. This was an apparent reference to a report that some players were miffed at quarterback Sonny Jurgensen for throwing so much to Tommy McDonald.

## GHS Title Hopes Rest On Game At Enola Saturday; Bolts Host Spring Grove; Other Teams Will Travel

Gettysburg High School's clash in a battle for first place in the Blue Mountain League with East Pennsboro at Enola Saturday afternoon at 2 o'clock highlights the weekend of football for county scholastic teams.

The only game on a county gridiron Friday night pits Littlestown against Spring Grove in a Laurel Conference game on Memorial Field at Littlestown.

Delone Catholic takes to the road Friday evening to meet York Catholic on the latter's field in a Central Penn Catholic League game.

Two other games are scheduled for Saturday afternoon at 2 o'clock, Biglerville opposing Newport at Newport in a Blue Mountain contest while Bermudian Springs tangle with Carson Long at New Bloomfield.

### GHS AT EAST PENNSBORO

A victory for East Pennsboro in this game would virtually assure the Panthers the 1962 league title as they are considered shoo-ins to cop their remaining league games with Boiling Springs, Susquehanna and Camp Hill. They are now 4-0 in the league with Gettysburg right behind at 4-1. The Warriors must win to remain in contention.

Don Young's Warriors stand out as the big road block and there is every indication an overflow crowd will watch the teams battle, the game also being the feature for home-coming for East Pennsboro.

There is little doubt the two squads will be fired-up for a do-or-die struggle which should produce one of the best games in the area.

A half dozen Warrior players who had been affected with virus attacks have recovered while the remainder of the squad is injury-free which gives Coach Young his full strength for the all-important game. East Pennsboro will likewise have its full manpower due to the return of several injured players.

Coach Young states he believes the upcoming game will go to the team playing heads-up ball. He said the Panthers must be able to stop Gene Lebo, 160, and Bob Lesh, 165, hard-running Panther backs. So far the Warriors' offense has been outstanding while East Pennsboro has been noted for its fine defensive play. Fifteen lettermen, including nineteen starters from last year, made East Pennsboro the preseason league favorite to supplant Big Springs, last year's titlist.

East Pennsboro's lone setback this season was to Mechanicsburg, 32-7 in a nonleague affair. Against mutual opponents East Pennsboro defeated Shippensburg 14-7 and Northern 27-14, while Gettysburg lost to Shippensburg 26-21 and edged Northern 33-25.

During the week the Warrior staff has concentrated on bolstering its defense which has sagged several times recently.

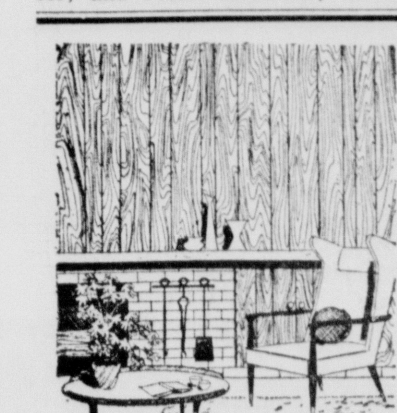

The Warriors will unquestionably have a very large backing for Saturday's game. Those traveling to Enola should follow Rt. 15 and, at the street intersection where the new (blue) Pennsylvania Railroad building is located, turn left two blocks and then right which leads to the field.

### SPRING GROVE AT LITTLESTOWN

After having a three-game winning streak stopped last week by York Central, the Littlestown Thunderbolts will attempt to resume their winning at the expense of Spring Grove in a Laurel game Friday night.

Pass defense, which proved costly last week, has been given particular attention this week by Coach Bill Heyser and his staff.

Heyser lauded Bill Woodward, quarterback; Jeff Breighner, center, and Frank Basehoar, defense.

## Bigler Jr. High Drops Third Game

The Littlestown Seventh and Eighth Grade football team scored a 12-7 victory over Biglerville at Littlestown Wednesday afternoon, on a 70-yard run in the first period and a 50-yard pass play in the third quarter. Rick Weaver tallied Biglerville's touchdown in the second period on an eight-yard dive play while Bob Cline carried for the extra point.

Next Tuesday Biglerville (6-3) will oppose Scotland on the latter's field at 3:45.

## BULLETS 2-0 VICTOR OVER WILKES SQUAD

Penn Yeatman rammed through a pair of goals in the second half to lead the Gettysburg College soccer team to a 2-0 win over Wilkes College Wednesday afternoon on the loser's field.

After a nip-and-tuck first half, Gettysburg began to work the ball well. With 11:30 minutes gone by in the third period, Yeatman slammed a head shot into the nets from the left side. At the 4:04 mark of the final quarter, Yeatman took a long unassisted shot from the deep right side and smashed the kick past the goalie for the second score.

The win evens the Bullets' record at 2-2 and Coach Lou Hammann's squad will battle a tough Bucknell outfit Saturday morning in Lewisburg.

The lineups:

Wilkes	Gettysburg
Adams G	Huber
Weiss RB	Stuges
Guertly LB	Gerken
Bucko RH	Thompson
Tomalis CH	Hackstaff
Morgan LH	Burfield
Creasy OR	Estes
Gilbert IR	Truex
Eurich CF	Colestock
Jones IL	Yeatman
Pruszowski OL	Taylor

Score by quarters:  
Gettysburg 0 0 1 1-2  
Wilkes 0 0 0 0-0  
Goals: Gettysburg—Yeatman 2.  
Substitutes: Gettysburg—McEwan, Miller, Williams, Parsons, Cone; Wilkes—None.

## MANTLE AND ROBINSON ARE TOP SLUGGERS

By BEN OLAN  
Associated Press Sports Writer  
NEW YORK (AP) — Mickey Mantle of the New York Yankees won his fourth American League slugging crown and Frank Robinson of Cincinnati captured his third straight National League title in 1962, final figures compiled by The Associated Press showed today.

The championships are based on total bases accumulated on all hits and official times at bat.

Mantle slugged .603 the past season. In 377 at bats, he collected 121 hits including 15 doubles, 1 triple and 30 home runs for 228 total bases. The switch-hitting center fielder had a .687 mark in 1961. He also led in 1955 and 1956.

### AARON RUNNER-UP

Robinson produced 380 total bases in 409 trips for a .624 average. Among 28 safeties, he had 51 doubles, 2 triples and 39 homers. Robinson finished on top in 1960 with a .595 mark and in 1961 with .613.

Hank Aaron of Milwaukee was runner-up to Robinson in 1962 with .618. The Braves' outfielder piled up 386 total bases in 592 trips at bat, getting 28 doubles, 6 triples and 45 home runs among 191 hits. He won the senior circuit slugging title in 1959.

Al Kaline finished second in the American League with a .593 mark. The Detroit outfielder had 236 total bases in 398 times at bat. He had 121 hits, including 16 doubles, 6 triples and 29 homers.

## RUNNERS COP 2ND VICTORY

Gettysburg College won its second cross-country meet in three tries by defeating Johns Hopkins at Baltimore Wednesday 20-41.

Jim Lombardi and Ed Salmon, ace Bullet runners, finished one-two, being clocked in 25:19 and 25:24, respectively, for the 4.4-mile course.

Franklin and Marshall will come here for a meet on Friday.

Summaries:  
Lombardi, Gettysburg, 25:19; Salmon, Gettysburg, 25:24; Gebelein, Hopkins, 25:46; Staub, Gettysburg, 26:05; Miller, Hopkins, 26:49; Herslow, Gettysburg, 27:25; Loomis, Gettysburg, 28:05; Ecker, Gettysburg, 28:05; Bloomer, Gettysburg, 28:12; Levin, Hopkins, 28:40.

Three new professors at Brandeis University have been appointed to key athletic positions. Myer Fisher is the new athletic director; Heinz Lubasz, soccer coach, and Emmanuel Flumere, golf coach.

## TO SHIFT NBA FRANCHISE TO PHILADELPHIA

PHILADELPHIA (AP)—One of the present National Basketball Association franchises will be shifted to Philadelphia beginning with the 1963-64 season, a reliable source has disclosed.

There have been reports since Eddie Gottlieb sold the Philadelphia Warriors to a San Francisco group last spring that either Detroit, Syracuse or Chicago would move here or to Baltimore, which also is reportedly ready to re-enter the NBA.

The source, who did not want to be identified by name, said that Gottlieb, presently general manager of the San Francisco club, will own the new Philadelphia team. The source added that Gottlieb already had the necessary playing dates at Convention Hall here.

### SAPERSTEIN TO QUIT

The report of Philadelphia's return to the NBA came as the Tapers of the American Basketball League held a news conference Wednesday to make official their transfer from New York to Philadelphia.

At the same time, Abe Saperstein, who was on hand, announced that he intends to resign as commissioner of the American Basketball League as soon as a successor can be found.

Contacted in San Francisco, Gottlieb said he would not comment on the Philadelphia-NBA report other than to say he knows there are three groups interested in bringing the NBA back to the city. He said they have talked to owners of several NBA teams about the possibility of joining the league.

## MULES REPORT MANY PLAYERS ARE INJURED

ALLENTOWN—For the second week in a row, head football Coach Ray Whispell will be forced to send the Muhlenberg Mules into action without the services of a number of key players who have been injured. Six players are definitely out. And a seventh is listed as doubtful.

The Mules will face hard-charging Gettysburg Saturday at 1:30 at Gettysburg. To date, Gettysburg has beaten Albright and lost to Bucknell, Delaware and Lehigh.

Charles Gills, a standout performer at end, is out with a broken hand. Ronald Todd, who played end in the Lebanon Valley game, and John Murtough, a halfback, have dislocated shoulders. Captain Dick Ludwig is out with an ankle injury, and Quarterback Lynn Rothrock, one of the conference's leading punters, has a leg injury. He did not play against Lebanon Valley.

Richard Gysberts, Sophomore fullback, was hospitalized with an internal injury two weeks ago after he won a starting berth for the Temple game. He will not play Saturday.

Whispell disclosed that Tom Horne, who won a letter as a Freshman last year for the line play, has been missing practice because of an infected knee.

## DELONE FROSH CAPTURE FIRST

The Delone Catholic High School Freshmen snapped a three-game losing streak by edging Bishop McDevitt 7-0 Wednesday afternoon at Harrisburg.

Raymie Timmins scored the lone touchdown of the game when he raced over from the 12-yard line in the final quarter. He also carried for the extra point.

Next Thursday the Squire yearlings will entertain Carlisle at McSherrystown at 3:30 p.m.

## Mount Harriers Gain Third Win

Five Mt. St. Mary's College runners finished in the first five places as the Mountaineer cross-country team defeated Washington College 15-47 at Chestertown, Md., on Wednesday.

John McKee was first home for the Mount in touring the three-mile course in 16:29.

The victory was the third in four starts for the Mountaineers.

## College Freshmen Lose Soccer Game

The Gettysburg College Freshmen soccer team dropped their first game of the season as the Franklin and Marshall Frosh pounded out a 4-3 decision Wednesday on the Little Bullets' field.

The Orange and Blue yearlings will attempt to even matters when they meet the Johns Hopkins Freshmen Friday afternoon on the home field.

## ATHLETES TO ENTER AAU DESPITE WAR

By CHARLES CHAMBERLAIN  
CHICAGO (AP)—At least three major conferences, and quite possibly all of them in the United States, are going to enter athletes in NCAA-supported federation meets despite AAU warnings they will be disqualified for international competition.

The Big Six of the West Coast—Stanford, UCLA, Southern California, California, Washington and Washington State—has taken the most vigorous stand so far. It has adopted legislation that it not only will boycott AAU meets but also will not permit the AAU to use its athletic facilities.

The Big Eight also is preparing stringent regulations opposing AAU control.

### BACK FEDERATION

The Big Ten is on record as backing the federation movement and Commissioner Bill Reed told The Associated Press that legislation is expected to be adopted at its December meetings similar to that of the Big Six.

"We have taken no official stand against AAU participation at the present time," Reed said. "But a poll of coaches by me showed that none plans to enter AAU meets. I don't think the American public would allow the AAU to rule our boys ineligible for international competition. It is my opinion that all major conferences in the U.S. feel as we do."

Reaves Peters, Big Eight executive director, said Wednesday that conference officials are preparing rules revisions which would require coaches and administrators to resign their AAU memberships and any offices they might hold.

### OUT OF OLYMPICS

The AAU issued a formal warning Wednesday in Chicago to athletes competing in federation open meets that they will be ineligible for certification for international competition.

This means that athletes—primarily in track, basketball and gymnastics where federations are operative at this time—who participate in a federation meet will be disqualified by the AAU for the 1963 Pan American games and the 1964 Olympics.

The AAU has the control—under sanction of the international body, which has reaffirmed it as the certifying group for the United States—but the federations apparently have most of the athletes.

## MOUNT LOSES SOCCER TILT

The Mt. St. Mary's College soccer team lost its first Mason-Dixon Conference game when it bowed to Washington College 1-0 at Chestertown, Md., Wednesday.

Fred Streidick kicked the only goal of the game in the second period to give the Shoremen the decision. A teammate, Tom Osmandski, made 19 saves.

The Mounts, 3-2-1 overall, will meet Baltimore at Emmitsburg Saturday.

## YANKEES OUT TO BOLSTER MOUND STAFF

By JOE REICHLER  
Associated Press Sports Writer  
NEW YORK (AP)—The New York Yankees are prepared today to sacrifice some of their strong bench in order to shore up an undermanned pitching staff for 1963.

Neither General Manager Roy Hamey nor field leader Ralph Houk was in a mood to discuss the matter following the Yankees' hard-fought World Series triumph over the stubborn San Francisco Giants. However, it has been learned that such skilled operators as Johnny Blanchard, Hector Lopez and Phil Linz will be used as bait this winter to lure a top flight starting pitcher and an experienced relief pitcher to the Yankee pinstripe.

### KUMORS PERSIST

Hamey and Houk weren't fooled by the World Series in which brilliant pitching carried them to the club's 20th championship. Houk used only six pitchers in the seven games with three—Whitey Ford, Ralph Terry and Bill Stafford—getting the starting assignments. The wily manager, whose manipulation of his pitching staff was one of the highlights of the series, is fully aware that he needs more than three starters and more than six pitchers for the long 162-game schedule next year.

"Sure we could use more pitching but who couldn't," said Houk. "We may trade for a pitcher at the winter meetings but we certainly do not intend to break up our team to get one. We're not desperate by any means. And remember we have some highly promising youngsters coming up from our own farm system."

Houk laughed off reports that Baltimore has offered right-hander Milt Pappas for Blanchard and Lopez out the rumor persists.

## TERRY GOLFS ON DAY AFTER HIS BIG WIN

By FRANK ECK  
WHITE PLAINS, N.Y. (AP)—What does a World Series hero do 24 hours after he has pitched the greatest game of his life? Well, if he's Ralph Terry and can play golf he goes out on the golf course.

That's just what the 26-year-old pitching star of the World Champion New York Yankees did Wednesday despite having gone without sleep after his series clinching 1-0 victory over the San Francisco Giants on Tuesday.

Terry and 11 other Yankees arrived in New York early Wednesday morning after a 3,000-mile jet flight from San Francisco.

### WON SPORTS CAR

"We sang all the way home," said the jubilant right-hander who won 23 games this season, plus two series games out of the last three played.

At three o'clock Wednesday, 24 hours after Terry had four-hit the National League champions at "Lendstick" Park, he was at the Metropolitan Country Club.

"I had planned to fly home to Larned, Kan., to see our new baby boy (Frank Gabe Terry, born Oct. 6) but I flew to New York instead to pick up the sports car I won," said Terry. "I'm hoping Tanya, my wife, will receive doctor's permission to join me here this weekend. Tanya has been living with her parents and I'm sure they can handle the formula for a few days."

### 103 PITCHES

Terry was surprised to learn that he made only 103 pitches in his 1-0 shutout. He also was astonished to learn that only once did he throw two non-strikes in succession.

"At times it seemed like I was out there pitching for a week, especially to Jim Davenport," Terry said. Davenport fouled off eight pitches in the third inning and four in the sixth. Terry had fanned Davenport four times previously in the series.

"Today? No golf. I'll pick up that sports car and try to catch up on my sleep."

CLEMONSON S. C. (AP)—Tackle Joe Bales will miss the rest of Clemson's football season because of a broken foot. Tiger officials said.

Bales, a 220-pounder from Lincoln Heights, Pa., and a junior, suffered the injury in a scrimmage Wednesday. He was running on the No. 3 unit at the time.

## Austrians Appeal Ruling On Griffith

VIENNA (AP)—The Austrian Boxing Federation prepared an appeal today for recognition of Emile Griffith as world junior middleweight boxing champion.

A catch is that Griffith, as current world welter champ, is prohibited from holding two titles simultaneously and even if Austria wins its point, Emile probably will have to decline. It figures he'll prefer to keep the welterweight title.

The welter champ won Austrian recognition as the titlist in the newly created junior middleweight class Wednesday night with a 15-round decision over Teddy Wright of Detroit before a disappointing crowd at Vienna's ultra-modern Stadthalle.

The promoters, expecting a turnout that would tax the 14,700 capacity, wound up with something like 8,500 admissions and promptly blamed the small turnout on the fact the European Boxing Union had announced Tuesday it would not recognize the winner as the 154-pound king.

## HERSHEY NIPS BARONS 3-2

By THE ASSOCIATED PRESS

A length-of-the-ice overtime scoring dash by veteran Les Duff Wednesday night brought the Hershey Bears a 3-2 triumph over Cleveland in the only American Hockey League game scheduled.

The victory gave the Bears sole control of second place in the early scrambling in the AHL's Eastern Division, two points back of leading Quebec and two up on Baltimore, Providence and Springfield.

Duff took a pass from Marc Reaume near his own goal before making his dash. He bounced the puck off the sideboards twice in eluding Cleveland defensemen, and capped it with a rising 40-foot slap shot at 7:02 of an overtime period.

Rookie Roger DeJordy got Hershey started with his fourth goal of the season in the opening period, but the Barons tied it and went ahead on goals by Terry Gray and John Ferguson.

Yves Locas sent it into overtime with his goal for Hershey at 9:44 of the final period.

No games are scheduled in the league tonight.

## ROBINSON ON ALL-STAR 9

NEW YORK (AP)—For the second straight year, outfielder Frank Robinson of the Cincinnati Reds has been named to The Associated Press major league All-Star team.

Robinson is the lone repeater from last season's squad to make the 1962 team announced Wednesday in the annual poll of members of the Baseball Writers Association.

The Los Angeles Dodgers monopolized the team with four players being selected. They are shortstop Maury Wills, outfielder Tommy Davis, left-handed pitcher Sandy Koufax and right-handed pitcher Don Drysdale.

The National League pennant-winning San Francisco Giants were the only other club to place more than one man on the team. The Giants' representatives are first baseman Orlando Cepeda and outfielder Willie Mays.

The rest of the squad includes second baseman Bobby Richardson of the New York Yankees, third baseman Brooks Robinson of the Baltimore Orioles and catcher Elroy Battey of the Minnesota Twins.

### PHILADELPHIA (AP) — The Philadelphia Phillies have assigned four players to their Little Rock farm club of the American Association and purchased four players' contracts from other minor league clubs.

The four sold to Little Rock, the Phillies said Wednesday, include utility infielder Mel Roach, third baseman Dick Edwards, first base man Cal Emery, and pitcher Bobby Locke.

The new additions are third baseman Danny Carter, catcher Larry Cutright, and pitcher Dick Quirroz and Ferguson Jenkins. They were selected under the working term agreement with Buffalo of the International League.

Roach hit .190 with the Phillies the past season. Edwards hit .268, had 11 homers and 75 RBIs at Williamsport of the Eastern League. Emery, of Center Hall, Pa., batted .252 with Rochester. Locke, of Fayette County, Pa., had a 1-0 record with the Phils and was 10-8 with Buffalo where he compiled a 4.36 earned run average.

Carter pounded out 12 homers and batted .289 with Buffalo. Cutright hit .240 and had 3 homers and 19 RBIs with Williamsport. Quirroz compiled a 10-3 record at Miami while Jenkins was 7-2 with the same club.

## Head Of Negro Baptists Sees Vatican Council As "A Great Force For Good"

By JOHN GALE  
ROME (AP)—The leader of five million American Negro Baptists said today he believes the Roman Catholic Ecumenical Council to be "a great force for good" in the world.

"I am greatly impressed by this coming together of dedicated leaders from all over the earth representing 500 million souls," said Dr. Joseph H. Jackson.

"It is less than a year since the World Council of Churches met in New Delhi. These two historic events give me a great deal of hope and confidence for the future of mankind."

Dr. Jackson, of Chicago, heads the U.S. National Baptist Convention, the world's largest Negro religious group, representative of a quarter of America's Negro population. He is the only Baptist observer attending the Ecumenical Council following the decision of the Baptist World Alliance not to encourage a Vatican invitation.

"These two great bodies—the World Council and the Ecumenical Council—representing millions of men and women did not meet to plan the destruction of any nation," he said, "nor to debate how to control the sea lanes of the world."

"They met for one specific purpose, namely, in their own way, to see how the message of

the Christian gospel could be so implemented that men would find a new relationship and society be preserved from the disasters of war and oppression."

Dr. Jackson spoke in an interview at his downtown hotel.

## Private Truckers Gain In Fight For Freight

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—The competitive fight between the various forms of for-hire transportation—trucks, planes, barges, pipelines—waxes steadily. But just as heated at times is the battle over the inroads into the field by private carriage.

The growth of private hauling of goods and supplies over the nation's highways may have added to traffic jams to your annoyance. It also has raised the tempers of the regulated carriers.

Who is getting hurt and how much? And why do some business firms turn to their own trucks while others stick to for-hire transportation?

**MANUFACTURERS QUERIED**  
A research team of the Transportation Center at Northwestern University, Evanston, Ill., fed into a computer the replies of 1,100 manufacturers to their queries on the subject. The answers may shed some light on a controversy noted for generating heat.

The unregulated motor carriers have grown faster since the war than the regulated carriers as a whole. But the team says that, in terms of tonnage, the common motor carriers have grown about as fast as have corporations' own fleets of trucks, even though trucking firms think otherwise.

And the replies indicate the real battle has been between these two, the for-hire and the do-it-yourself motor haulers. Firms using their own trucks tend to concentrate on short-haul movements of freight, and thus compete less than some may think with the rails, which get their big volume on the longer than 200-mile freight movement.

But the volume of private carriage is growing. The survey

shows one-third of the firms replying increased their use of private carriage in proportion to their total tonnage in recent years, while 23 per cent did not, and the remainder kept about the same proportion.

Altogether about 32 per cent of motor freight tonnages moved by private carriage in 1961, according to the replies. The private fleets were mostly modest—59 per cent of the firms used four or fewer vehicles.

The biggest use of private fleets was in the food industries. Such usage was reported by less than a third of those in the instrument, electrical machinery, leather, textile and apparel industries.

Firms using their own trucks to haul their supplies gave three situations in which they find this most profitable: 1. When prices charged by suppliers are greater than private costs of production; 2. When the firm wants a certain quality of goods or service not offered by suppliers; and 3. When the firm desires managerial control over the supply of some productive input.

The Transportation Center plans private conference the end of this month to discuss the findings and the problems.

N. S. Savannah, the world's first nuclear-powered merchant ship, could cruise 14 times around the earth at speeds up to 23 knots without refueling.

## PHONE TOLLS ELIMINATED

HARRISBURG (AP)—The United Telephone Co. will eliminate a 10-cent toll on calls between Waynesboro and Blue Ridge Summit next Sunday.

Under a new schedule approved Wednesday by the Public Utility Commission, United also will end a dime toll between Waynesboro and the Highfield Exchange of the Chesapeake & Potomac Telephone Co. in Maryland, a move that will save Waynesboro subscribers \$2,000 annually.

Elimination of the toll between the two Franklin County points will mean a total saving of \$8,500 annually, the company said. It said there are 581 Blue Ridge Summit phone users who will save \$4,545, and 5,800 Waynesboro subscribers who will benefit by \$3,955.

Regular monthly rates in Waynesboro remain unchanged, but monthly bills in Blue Ridge Summit will go up \$5.38 yearly in view of the broadened non-toll area covering the Waynesboro numbers, United added.

In addition, United said it will eliminate mileage charges of 341 subscribers and save them \$4,150 yearly by extending the base calling area of the Waynesboro exchange to include the Wayne Heights and Rouzerville sections.

## Experiment In Pay TV Is Being Made In Hartford

By DANIEL F. CUFF  
HARTFORD, Conn. (AP) — "I think it's wonderful," says Mrs. Robert L. Devaux, wife of a fireman in East Hartford. "We see good movies, and it's a lot cheaper and easier than going out."

"The programming is very disgusting," comments Luis Walker of Farmington, an investment firm manager. "A lot of my friends are disappointed. Why don't they get foreign films instead of these mediocre movies?"

**TV EXPERIMENT**  
They and some 1,000 other residents of the Hartford area are paying to participate in a television experiment. RKO General, Inc., and the Zenith Radio Corp. are spending \$10 million to see whether pay television will pay off.

The three-year test began June 29 under heavy shelling from its opponents, theater owners and commercial broadcasters.

Last week the U.S. Supreme Court rejected without comment an appeal by theater owners who sought to end the Hartford experiment.

### AUTHORIZED BY FCC

The Federal Communications Commission had authorized the Hartford test, reasoning that the public should decide what it wants made of the airwaves.

With a legal green light, the experiment now faces the harshest of critics, the paying public.

RKO General is using its Hartford affiliate, an ultra high frequency station on Channel 18, to conduct the test. There are about 30 hours of pay television weekly.

### SOME EXCLUSIVES

The viewers so far have been fed a heavy diet of movies, inter-

spered with some exclusive showings.

The movies are called "subsequent first run" films. In other words, they have played at large downtown theaters perhaps two weeks before Channel 8 gets them.

The exclusive included the Patterson-Liston heavyweight championship fight broadcast live, the Kingston Trio taped live at a summer theater, a foreign-made film of Shakespeare's "Midsummer Night's Dream," done with puppets, and the debut of a film of the Bolshoi Ballet.

### I'M DISAPPOINTED

How do the viewers like the fare?

G. Harry Davis of Avon, a corporation executive: "I like it but I'm disappointed in the programming. They've got to have better programming if they want more customers. I'd like to see Broadway shows, top-grade movies."

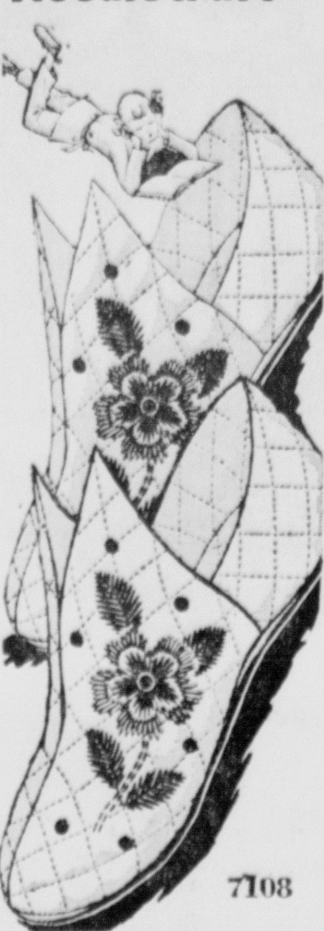

Frank B. Demurat of Newington, a barber: "I watch it quite a bit. They've had some good movies, and the great thing is that there are no commercials."

The number of subscribers to pay television has grown from 200 to 1,000 in the first three months. The station has said it would like from 4,000 to 5,000 by the end of the year.

Prices range from 25 cents for a children's educational film to \$3.50 in the case of the short-lived heavyweight championship fight. Movies cost about \$1. There is a \$10 installation fee.

At the end of the three-year Hartford test, RKO and Zenith will have to decide whether it will be profitable to bring pay television to a larger audience, or to write it off as unworkable.

## GLENN ADMITS U.S. LAGS ON BIG BOOSTERS

PHILADELPHIA (AP) — Astronaut John Glenn, who made America's first orbital flight, says the only area of the space race in which the United States is lagging behind Russia is in the production of big boosters.

Glenn told a news conference Wednesday night that in the overall knowledge of space from manned flights and satellite information, "I would think they (the Russians) have some catching up to do with us."

He said he didn't know who would make the next space flight but that he hoped for an 18-orbit trip early next year, possibly in March.

### ANOTHER MEDAL

Glenn was in Philadelphia to receive the Elisha Kent Kane Gold Medal, the highest award of the Geographical Society of Philadelphia. He was presented the gold medal for "eminent geographical research" by the society's president, Ervin R. Edgcomb.

Glenn, who made a three-orbit flight last Feb. 20, said "I think we are bordering on some of the greatest exploration of all time. The program, to me, is worthwhile—Russia or not."

Russia is ahead on big boosters, he said, because the Soviets' space program was geared to big boosters from the start while the United States started with smaller boosters for smaller payloads.

### UP TO MANAGEMENT

Glenn said it was "up to the management" as to who would make the first trip to the moon. He said he hoped the original astronauts would take part in such a flight.

Astronaut Walter M. Schirra Jr. made the longest flight in the Project Mercury program Oct. 3 when he completed six orbits.

## People In The News

By THE ASSOCIATED PRESS

Urho Kekkonen, president of Finland, received a bear hug

farewell from Premier Khrushchev before leaving Moscow by train for Helsinki. Kekkonen and his wife vacationed for two weeks in the Soviet Union as guests of the Khrushchevs.

Simon Cuentas, Bolivian minister of mines and petroleum, told news conference in La Paz that

his country will ask the United States for \$14 million as compensation for the sale of U.S. strategic reserves of tin in the world market. Last month, President Victor Paz Estenssoro canceled a scheduled visit to the United States, ostensibly in protest against sale of the tin.

Actress Lauren Bacall and her husband, actor Jason Robards Jr., were in another room of their New York apartment when a thief sneaked into the bedroom and made off with jewelry valued at \$3,000. Also in the apartment at the time were the couple's infant son and Miss Bacall's 10-year-old

daughter, Leslie, by her previous marriage to the late Humphrey Bogart. Police said Leslie surprised the thief, a Negro, in the bedroom, but he fled when she ran to call her parents.

# KENNEDY IS CHEERED AND BOOD ON TRIP

By ARTHUR EDSON

WASHINGTON (AP)—President Kennedy has an open date on his campaign schedule today, and after Wednesday's lively reception in Connecticut he's probably glad to have this day of comparative rest.

For Kennedy drew one highly enthusiastic audience—and got one loudly booing reception—during his 60-mile drive through an area that contains a lot of industry and a lot of Democrats.

Kennedy hits the campaign trail again Friday on a three-day trip that takes him all the way to Seattle in his effort to get a Democratic Congress elected Nov. 6. If he runs into similar crowds, it should be an entertaining weekend.

## WATERBURY, NEW HAVEN

The big crowd Wednesday was at Waterbury, a town that loves, and is loved by, Kennedy. It was so carried away with the President's visit—a police officer thought 45,000 were there—that it threatened to get out of hand. Police scurried over to calm down one segment, seemingly composed mainly of squealing young ladies.

The critical crowd was at New Haven, home of Yale University. Nobody knows for sure who gave the President the raspberry or held up disparaging signs.

But it's the custom on such occasions in New Haven to give all the credit, or blame, to Yale students.

## NOT TOO RATTLED

Kennedy didn't seem to be too rattled by the booing or by the signs which carried such sentiments as:

"Will we get to the moon before the Negro gets to vote?"

"Castro loves Democrats."

"Less profile more courage."

Kennedy, a Harvard man, was given an honorary degree by Yale in June, and the President referred to this as he began his talk.

## BOO LIKE GENTLEMEN

"I have come to this center of learning," Kennedy said, "to come back to my college—Yale—and I have enjoyed that warm reception I have gotten from my fellow Elms as I drove into this city."

"But they will learn, as this country has learned, that the Democratic party is best for them as it is for the country."

## FAMILIAR PATTERN

Unlike in Waterbury, where the police rushed over to protect Kennedy from his friends, everything went smoothly in New Haven.

Yale men may boo, but they boo

## Wedding

Miss Carol Lee Reindollar, daughter of Mr. and Mrs. James R. Reindollar, 114 E. King St., Littlestown, and Alvin James Zeigler, son of Mr. and Mrs. Carl W. Zeigler, Littlestown, were united in marriage on Saturday at 2 p.m. in Redeemer's United Church of Christ, Littlestown.

The double-ring ceremony was performed by the pastor, Rev. Glenn Finchbaugh. Mrs. George A. Stonestifer, church organist, played the traditional wedding marches and presented a recital prior to the ceremony. She was also accompanist for the soloist,

MRS. ZEIGLER

Mrs. Robert W. Hall, Littlestown R. 2. The altar was decorated with bouquets of white fall flowers, ferns and candelabra. The pews were decorated with white mums and ivy.

The bride, who was given in marriage by her father, was attired in a floor-length gown of white Chantilly lace with a fitted bodice and long sleeves that tapered to points over the hands. The scoop neckline was trimmed with sequins and seedpearls. Her bouffant skirt ended in a chapel-length train, which was accented with a sequin-trimmed bow on

like gentlemen. All during his campaign Wednesday, as he rode in an open car from Bridgeport to Waterbury to New Haven, Kennedy followed what has now become a familiar pattern. He plugged hard for Democratic House candidates, for Abraham Ribicoff, his former welfare secretary who wants to be a senator, and for John N. Dempsey, who wants to stay on as governor.

This was Kennedy's first chance to reply to former President Dwight D. Eisenhower's criticism of Monday night that this administration has what he called "a dreary foreign policy."

But Kennedy ignored the criticism. He neither mentioned his Republican predecessor nor defended his own foreign policy, in spite of signs needling him about Cuba.

# MINUTEMAN, OFF COURSE, IS DESTROYED

CAPE CANAVERAL, Fla. (AP)

A Minuteman missile, off course and headed for the Florida mainland, destroyed itself on signal from the range safety officer seconds after launching from an underground silo Wednesday night.

The spectacular blast rained chunks of flaming debris over a wide area and a Jupiter missile was severely damaged. A photographer was injured slightly while racing to safety.

The missile was far off course—aimed toward the mainland a few miles away instead of out to sea as intended—when it blasted out of the 85-foot-deep hole. The range safety officer triggered a radio signal to destroy the rocket after eight seconds of flight.

Walter Lewis, a documentary photographer recording the launching from a mile away, fell from a platform as he scurried for safety. It was thought at first he had broken a leg, but examination showed he was only cut, bruised and shaken up. No pieces of the Minuteman landed near him.

A fiery chunk of the shattered rocket plummeted onto a launch complex containing a Jupiter missile. The Air Force reported fire caused extensive damage to the Jupiter and some damage to its launch facilities, which are 1 1/4 miles from the Minuteman silo.

## BRIDE'S ATTENDANTS

Miss Bonnie Green, Indiana, Pa., was maid of honor. She wore a street-length dress of gold satin styled with a scoop neckline, bell skirt, cap sleeves and a symmetrical bow on the back of the skirt. She had a circlet hat of leaves and berries with a short veil. Matching shoes completed her ensemble. She carried a modern colonial bouquet of gold and bronze mums with lemon leaves and satin streamers.

The bridesmaids were Miss Gail Reindollar, Littlestown, sister of the bride, and Miss Gloria Houston, Littlestown. They were attired identical to the maid of honor and also carried bouquets of gold and bronze mums.

Miss Kathy Warner, Littlestown, was flower girl. She was attired in a dress of white organza appliqued with gold flowers and a gold cummerbund and a matching headpiece. She carried a gold basket with gold and bronze mums from which fell gold bows and streamers.

## RECEPTION HELD

The best man was Paul Krom, Taneytown R. D. Serving as ushers were Larry Unger, Norfolk, Va., cousin of the bride, and Francis Barnes, Littlestown.

A reception followed the ceremony in the church social hall. Approximately 50 wedding guests were in attendance.

The couple left on a wedding trip to Florida and upon their return they will reside at Littlestown R. 2. For traveling the bride selected a beige and sand knit suit with sand accessories and a corsage of gardenias.

Mrs. Zeigler is a 1962 graduate of the Littlestown High School. Her husband was also graduated from the same school in May and is employed by the Littlestown Hardware and Foundry Company.

Five Yankees hit 20 or more home runs this season. Roger Maris had 33, Mickey Mantle 30, Moose Skowron 23, Ellie Howari 21 and rookie Tom Tresh 20.

## BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—All women are puzzling, but some women are more puzzling than others.

These are called wives.

A man generally feels he knows a girl until he marries her. It is then she begins to grow mysterious, confusing and unpredictable.

Just what is this elusive quality about wives that sometimes enchants, sometimes annoys, and always befuddles their husbands?

To be specific, I asked 32 husbands to give a one-sentence reply to this question: "What is the thing you find hardest to understand about your wife?"

## ROOKIE IS SURPRISED

The four-month husband expressed surprise that his bride expected him to agree with her views on everything from the outcome of movies to the personalities of people and the expenses of furnishing an apartment.

Chastened by experience, the 39-year veteran in marital harness wondered only, "Why won't my wife pay my club dues like other wives do?"

Gallantry is by no means dead in husbands. Seven, married from 1 1/2 years to 37, voiced profound gratitude. They were humbly surprised that their wives had married them in the first place and, in the second place, had remained married to them after finding out their faults.

Said the 37-year husband: "I still can't understand why she tries to break her neck trying to please me—so help me!"

23-year husband: "What I don't understand is how my wife has managed to stay so dumb. She still thinks everything in life is cute."

11-year husband: "Why will she believe something I've been telling her for years only when she hears it from someone else?"

21-year husband: "Why does she still talk so much? What is there left for her to say?"

25-year husband: "Why is she so completely sure that she is always completely right?"

35-year husband: "Why is it she never admits she made a mistake?"

14-year husband: "What I don't understand about her is why she don't understand me. I've been around long enough."

One husband had an odd complaint: "Why does she trust me so much when I tell her I'm going to spend a night out with the boys? We've only been married 28 years."

Now you know what it is that husbands find hardest to understand about wives. It all boils down to one thing: Most wives act like women—only more so!

# CITES NEED FOR LOWER PRICES

PITTSBURGH (AP)—E. J. Haney, chairman and president of Allegheny Ludlum Steel Corp., said today that labor should look

for gains in terms of falling prices rather than rising wages and shorter hours.

"We must have lower prices to compete in world markets—and that includes the U. S. A.," Haney said. "But we have the highest labor rates in the world."

"We must face up to the fact that the American economy is in

a tough, competitive, dangerous, and potentially explosive transitional period," he told the ninth annual Conference on Business Prospects at the University of Pittsburgh.

Haney cited the economic rivalry of the Communist bloc and the resurgent economy of Japan, but he stressed the European Common

Market as "a rising economic colossus" and the treaty which created it as "the most significant political and economic document signed in this century."

Kansas City had three players who hit above .300 in 1962. Norm Siebern led the team with .308 and Jerry Lumpe and Manny Jimenez both hit .301.

# BOOK ABOUT "POPPO" IS TRUE STORY

By JOY MILLER  
AP Women's Editor

NEW YORK (AP)—What would you do if your doorbell rang, and when you answered there stood a ragged urchin wanting to come in just to look around?

It happened to Josef Berger four years ago. His life hasn't been the same since.

On that first visit the ragged, fin absorbed every inch of the Berbers' comfortable living room and said: "It's beauty here." This was Berger's introduction to Poppo.

## REGULAR VISITS

Berger stuffed the scrawny, 6-year-old Puerto Rican lad with as much food as he thought safe, then told him he was a writer and couldn't work with anyone around. But Poppo could come again—sometime.

Poppo did. The next day. That began the regular visits.

Then came the day, a few months later, when Poppo announced: "Jo, I want you to be my father."

This understandably did not arouse much enthusiasm in Berger or his wife, Dottie, an attractive couple in their fifties with a married daughter and a grand-daughter they adored. They were quite happy as they were, Josef writing books and speeches, Dottie working as chief researcher for a magazine for doctors.

## ATTACHED TO POPPO

But they hadn't reckoned on the determination of a child from a poverty-stricken, broken home who wanted something better from life. At that time Poppo was living, along with a brother and four sisters, in one of the remaining slum houses in otherwise well-to-do Brooklyn Heights. And although he was deeply attached to his pretty young mother, he fastened on to the Berbers with fierce affection.

They resisted, but last fall when

# GOP Record Is Called Ridiculous

PITTSBURGH (AP)—Gov. Lawrence criticized as "ridiculous" Wednesday night the record of Republican legislators in the General Assembly.

At a town meeting in nearby Plum Borough, Lawrence charged that "the most fantastic obstructionist force in the history of American government—the tight-fisted kingpins who control Republican movements from behind the scenes" have blocked "constructive and creative Democratic programs" in both the House and the Senate.

"Two Democratic governors, working with Democratic legislators, have cleared the way," he said, "for a new decade of providence and prosperity, for increasing employment and better, more efficient and economical government service."

Poppo was 9, they took him into their home on a trial basis before legally adopting him.

"For three months," says Berger, "he lived with us. He tried very hard to be what he called a member of the family."

But after weekends with his mother, who had moved with the children to another section of Brooklyn, he would come back to the Berbers and eat his heart out to be with her again.

"It was tearing him apart," says Berger. "It was his decision to go back. But there was no decision really. It was like a fish going back to where it was born."

That was nearly a year ago—and that's where a book Berger wrote about the experience and called "Poppo" ends.

But the book, just published and with part of its royalties slated for a trust fund for the boy's education, doesn't end the story of Poppo. He still visits the Berbers on weekends.

"He'll always be 'a member of the family,' and a joy to us," says Berger.

# Littlestown CLUB TO HOLD MASQUERADE

A masquerade ball will be held by the Carroll-Adams Riding Club, Inc., on Saturday evening beginning at 8 p.m. The affair will be held in the John W. Hankey barn, a half mile northeast of town along the Bonneauville Rd. Cash prizes for costumes will be given in five categories: Most comical individual, most original, most dressed couple and most comical couple. The judges will be Chester A. Spangler, Wilmer Barnes and Mrs. Bernard Stahley. Music will be by the Merrymonds of Westminster. Refreshments will be available. Tickets are \$1.50 per person. General arrangements are in charge of Mrs. Wilmer Barnes and Mrs. Melvin L. DeGroff.

The annual Election Day supper will be served by Grace Lutheran Church, Two Taverns, on Tuesday, November 6, 4 p.m. Turkey and oysters will be served to the public.

Christ Ambassadors Youth Service of Bethel Assembly of God Church, along the Littlestown Fish and Game Rd., will meet on Friday at 7:30 p.m. at the church.

## HOLD RUSHING PARTY

The Ladies' Auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 2226, will sponsor a public party on Friday, 8 p.m. in the social room of the F.O.E. home, W. King St.

Eta Tau chapter of the Beta Sigma Phi sorority held a rushing party in honor of the pledges on Sunday afternoon at the home of Mrs. Helen Renner, Carroll St. A hobo party was the theme of the gathering and the pledges are Mrs. Marilyn Zanger, Mrs. Joan Rebert, Mrs. Dixie Mummert and Mrs. Mary Wolf. Also present were Mrs. Jackie Little, Mrs. Shirley Greenholt, Mrs. Patsy Crouse, Mrs. Betty Hall, Mrs. Sally Harner, Mrs. Lois Sells, Mrs. Shirley Showmaker, Mrs. Grace Emerson and Mrs. Renner.

Instead of being nagged by an unemployment problem, West Germany is worried about the possibilities of an acute labor shortage.

# SCHOOL PAPER EDITOR FIRED

BOULDER, Colo. (AP)—The editor of the University of Colorado's student daily newspaper, who printed attacks on Sen. Barry Goldwater, R-Ariz., and former President Dwight D. Eisenhower, was fired by the university president Wednesday.

In announcing the dismissal of Gary Althen, 21, a senior, President Quigg Newton said the editor "had displayed a pattern of editorial irresponsibility that required his removal."

"I'm not sure this is in the best interests of the university," said Althen.

Both Newton and Althen had apologized to Sen. Goldwater for publication of a critical article written by Carl Mitcham, 21, a philosophy student from Dallas, Tex.

After Althen was warned by university officials to exercise better judgment, he wrote an editorial advocating admission of Communist China to the United Nations.

President Newton also appointed three censors to the board of publications which controls the newspaper. The board then named Jon Kolomitz, journalism senior from La Junta, Colo., as interim editor. Kolomitz had been executive editor of the daily.

The next regular meeting of the chapter will be held Tuesday, Oct. 23, 8 p.m. at the home of Mrs. Anna Thomas, Pennsylvania Ave. Mrs. Renner will be leader for the cultural program, and there will be a guest speaker.

Members of the Ever Willing Class of St. John's Lutheran Church are asked to come to the church at 5 p.m. on Saturday, to help arrange the harvest display. The annual Harvest Home service will be held on Sunday at 10:15 a.m.

When Lehigh meets Lafayette on the football field next November 17, it will be the 98th game between the two old rivals since 1884.

# Says 200 Cancer Victims Smoked

PITTSBURGH (AP)—A surgeon who has operated on more than 200 lung cancer victims says that each of them had a history of smoking.

Dr. Victor H. Kaunitz of Buffalo testified Wednesday in the trial of Otto Pritchard, a 64-year-old Pittsburgh carpenter who is suing the Liggett & Myers Tobacco Co., claiming their Chesterfield cigarettes gave him lung cancer. Pritchard's right lung was removed in 1953.

Kaunitz testified that he believes cigarette smoke caused Pritchard's cancer.

The doctor said under questioning that he has seen some 600 cases of lung cancer and has performed 200 to 300 lung operations over the past 16 years.

# BOMB BLAST RUINS PLANT

MEMPHIS, Tenn. (AP)—Only rubble remains of an ammunition assembly building which was demolished when a woman panicked and tossed a smoking simulated bomb onto a production line.

The bomb touched off all 500 of the bombs in the plant in a chain reaction of explosions that shattered the building and had it flaming from end to end in a matter of minutes.

About 55 women employees moved swiftly and calmly out of the building seconds before it blazed up. They escaped injury, but three of them were treated at a hospital for shock.

Damage was estimated at \$40,000.

The building, about 100 feet long by 30 feet wide, was located about 100 yards from the rest of the plant. Simulated bombs are the type used by the armed forces for training and, individually, are considered safe at a distance of 75 feet.

When Lehigh meets Lafayette on the football field next November 17, it will be the 98th game between the two old rivals since 1884.

# POLITICS Democrat

INDIANA, Pa. (AP)—Sen. Joseph S. Clark, campaigning for re-election, has charged his Republican opponent, U. S. Rep. James E. Van Zandt, with playing "gutter politics."

Speaking to the faculty and students of Indiana State College Wednesday, Clark quoted Van Zandt as having said in Pittsburgh on May 3 that "gutter politics" is "the type I (Van Zandt) like to play."

"He has been in the gutter ever since," Clark said, adding that he had "never run against an opponent whose campaign was so empty, so negative and so destructive."

Van Zandt, he charged, "has had absolutely nothing to say on the great issues facing Pennsylvania, the nation and the world."

# Two Deaths Ruled Murder, Suicide

WASHINGTON, Pa. (AP)—Washington County Coroner Farrell Jackson has ruled murder and suicide in the deaths of a man and woman found dead in a station wagon.

The bodies of Mrs. Garnet I. Brown, 44, of Monongahela R. 3, and John D. Cox, 54, a funeral director from Elizabeth, were found Tuesday in the car on the Monongahela picnic grounds.

Jackson said Wednesday there is no doubt Mrs. Brown shot Cox to death and then killed herself with the same gun.

# POLITICS Republican

By H. L. SCHWARTZ III  
PHILADELPHIA (AP)—Republican gubernatorial candidate William W. Scranton winds up a three-day bid for Philadelphia votes today with a Chamber of Commerce luncheon, a fund raising dinner and a final rally into one of the city's heavy Democratic districts.

Scranton Wednesday night drew his biggest crowd of a two day campaign appearance here.

Police estimated more than 2,000 persons turned out in South Philadelphia's First Congressional District to hear the GOP congressman charge his opponent Richardson Dilworth with "graft corruption . . . and conflict of interest."

Scranton drew repeated cheers as he spoke from a sound truck parked just a few blocks from where an angry crowd hurled rocks at Dilworth in the summer of 1961.

Dilworth, who resigned as mayor or to accept the Democratic nomination for governor, had designated the area for a pilot parking program. His appearance to explain a proposed \$40 per year parking fee touched off a near riot.

Scranton told the crowd he was there "not to introduce a \$40 parking program" but to tell them of "graft and corruption in Philadelphia and Harrisburg, too."

WILKES-BARRE, Pa. (AP)—Frank M. Mylet, 37, a miner from Sugarloaf R. 2, was killed by falling rock at the Huber Colliery in Ashley Wednesday.

A helper, Leonard Domanski, 29, of Sugar Notch, was taken to Wilkes-Barre General Hospital with head, back and internal injuries. He was reported in poor condition.

Glen Alden Coal Co. owns the colliery.

The Conestoga wagon, which carried freight in the East and pioneers in the West, was named for the place where it was first made in Pennsylvania.

## King Saud Calls Brother To Form New Government

By FAROUK NASSAR  
DAMASCUS, Syria (AP)—Set by a new challenge from President Nasser in revolt-torn Yemen, King Saud of Saudi Arabia summoned his brother, Prince Faisal, from New York today to form a new government and bolster his regime.

Nasser's United Arab Republic has increased the violence of its propaganda attacks on Saud since the desert king threw his support behind the Yemen monarchy topped in an army revolt Sept. 26.

A broadcast from Mecca said only that the old cabinet was dissolved in the general interest. But there have been signs of disaffection inside Saudi Arabia since the Yemen revolt.

### OFFICERS DEFECT

Saudi air force officers have defected to the U.A.R. in a transport plane and three trainers since the Yemeni uprising broke out. As in Yemen, pro-Nasser sentiment has been reported among Saudi officers.

With a hostile revolutionary regime in Yemen backed by Nasser, Saud apparently decided it was time to call back to the premiership a brother who might rally public support to the monarchy.

Faisal has been heading Saudi Arabia's delegation to the United Nations in New York.

More Western-oriented than the monarch, Faisal as premier in 1959 embarked on a program of austerity and domestic reforms. He reportedly began diverting more of the desert kingdom's vast oil revenue from the royal coffers to improving the lot of the impoverished, illiterate masses.

### DISMISSED PREMIER

Saud dismissed him as premier in December 1961 amid reports Faisal had stepped down too hard on royal spending and some of the numerous other princes had applied pressure to get him out of office.

But Saud and Faisal—who is the king's heir—were not estranged. Last March Saud made Faisal deputy premier and foreign minister with authority to preside over Cabinet meetings. Saud retained the premiership.

Meanwhile, Saudi Arabia's radio at Mecca matched propaganda guns with Nasser's Cairo radio, announcing that the de-throned Imam Mohammad Al-Badr of Yemen was massing forces to overthrow the rebel regime.

Badr, first reported assassinated by the rebels, has set up headquarters inside Yemen and formed a new royal government, Mecca Radio said.

## WILL USE MINE DRAINAGE FUND

HARRISBURG (AP)—The Pennsylvania Mines Department says it will act quickly to take advantage of additional federal funds for anthracite mine drainage.

A federal amendment signed into law Monday permits funds appropriated for the federal-state anthracite mine drainage act to be used for mine sealing and filling. State enabling legislation was approved last year.

Mines Secretary Lewis E. Evans said Wednesday that \$9.7 million is remaining of the original \$17 million put up on a matching basis by the state and federal governments in 1955.

Of the remainder, \$6.7 million may be used for the sealing of abandoned mines and the flushing of mine voids where subsidence may occur.

The secretary said the Mines Department "has been busy in recent months in doing necessary engineering work on a number of projects" in anticipation of the federal amendment.

The new amendment stipulates that \$1.5 million must be reserved for mine drainage.

What might happen in a few years under a single district plan. They can force county high schools cut to one or two or possibly three—one with academic emphasis, one vocational and all of the other present school centers in the county becoming junior high schools or elementary centers.

With such an arrangement transportation would be involved and very costly. Such changes might not come immediately with reorganization but some schoolmen think the state is looking in that direction.

The Gettysburg Times asked Dr. Herbert E. Bryan, who heads the school district reorganization movement in the state, about the possibility of a quick reduction in the number of Adams County high schools if a single district is formed. He said:

"With reorganization, the county school board would have to sit down and restudy the secondary school situation and the attendance areas. It would have to study a realignment of programs. For instance it would be ridiculous to have costly shops in six high schools in the county. Eventually there might have to be a pulling to either of such programs. The board might want to make some change in building assignments."

The two-district backers believe that under their plan there will be less danger of drastic change in the near future—and most of the school directors and administrators backing the two-district plan believe Adams County schools are doing a pretty good job as they are—efficiently and at a high rate of return for every dollar invested.

Next: THE COUNTY BOARD'S PROBLEM.

## Orrtanna

### MRS. LUTHER WETZEL

ORRTANNA—Mrs. Elaine Riggeal was hostess for the monthly get-together of the Margaret Donaldson Bible Class of the Methodist Church held recently at her home on Orrtanna R. D. The meeting opened with a short meditation followed by prayer by the president, Mrs. Ruth Donaldson. The 11th chapter of Matthew was read by the hostess. The minutes of the previous meeting were read by the acting secretary and teacher of the class, Mrs. Mary Tressler. The treasurer's report was given by Mrs. Grace Wetzel reporting a balance of \$314.16. The class is planning a bake sale for November 16 and a cookie sale in December, the exact date to be announced at the November meeting. Mrs. Ruth Donaldson or Mrs. Mary Tressler will take orders.

The devotional readings were as follows: "Has Summer Gone?" Mrs. Ruth Deardorff; "Benefits of Prayer," Mrs. Daisy Deardorff; "No Easy Way" and "Thankful For What?" Mrs. Ruth Donaldson; "Character Cannot Be Counterfeited," Mrs. Mary Tressler.

The Bible study was from the 15th chapter of Acts. The meeting closed with prayer.

The gift box, given by Mrs. Ruth Spence, was guessed by Miss Emma Jane Riggeal from which \$1.10 was received. The next meeting will be held Nov. 7 with Mrs. Ruth Deardorff as hostess at her home here. Refreshments were served and a social hour followed. Seventy-five dollars was reported to have been cleared by the class from the refreshment stand at the Mrs. Bessie Wolford sale recently.

Mr. and Mrs. Raymond McClellan entertained on Sunday honoring Mrs. McClellan's parents, Mr. and Mrs. Alvah Stoner Sr. upon the occasion of their 45th wedding anniversary. Others present were Mrs. Laura Higgins, Waynesboro R. 4; Mr. and Mrs. Mal Sullivan, Chicago; Mr. and Mrs. Edward Fox and children, Melanie and Rodney, Cashtown, and the Misses Constance and Sandra McClellan. A turkey dinner was served.

Earl Singley returned home Friday night from the Newton Baker Veterans' Hospital, Martinsburg, W. Va., after spending several days there for observation.

Mr. and Mrs. Dale Wetzel entertained at a dinner Sunday in observance of the birthday anniversary on Saturday of Mrs. Wetzel's father, J. E. Spence. Others present were Spence, Miss Jean Spence, Mr. and Mrs. Luther Wetzel, Marlin Spence and the Misses Marie, Carol and Jean Spence.

Miss Constance McClellan returned to nursing school at Hahnemann Hospital in Philadelphia after spending the weekend with her parents, Mr. and Mrs. Raymond McClellan.

Miss Marie Wetzel returned to Newton Square after spending the weekend with her parents.

## Castro And Ben Bella Say Guantanamo Base Must Go

### By GEORGE ARFELD

HAVANA (AP)—Announcing "essential identity of viewpoints" in world affairs, Premier Ahmed Ben Bella of Algeria and Prime Minister Fidel Castro agreed Wednesday night that the U.S. naval base at Guantanamo must go.

A joint communique emphasized, however, that the big naval installation in eastern Cuba will be "claimed in its opportunity through international law"—not by force.

Despite the specific mention of Guantanamo, the communique was free of the usual Cuban diatribes against "Yankee imperialism" with which Castro greeted Ben Bella on his arrival Tuesday.

### REFER TO ALGERIA

The communique was issued at the end of a 28-hour visit by the premier of the new North African nation, who came here direct from a White House lawn reception and talks with President Kennedy.

The communique said Castro and Ben Bella "considered the unpostponable necessity of evacuating (foreign) troops and dismantling foreign military bases in other countries, including Guantanamo naval base."

This also was a reference to French military forces and bases still in Algeria.

The communique said the two leaders, talking in "a completely fraternal atmosphere," also agreed that the only way to maintain peace was through application of the "peaceful coexistence principle."

### SET UP EMBASSIES

Ben Bella and Castro discussed the strengthening of ties between their two nations and decided to establish diplomatic relations at the embassy level. Castro also accepted an invitation to visit Algeria, but no date was announced. Amplifying his previously voiced support for Castro's revolution,

Mr. and Mrs. Dale Wetzel.

Mr. and Mrs. Paul Thoman Jr. and son, Mark, York, visited over the weekend with Mrs. Thomas' parents, Mr. and Mrs. Walter Tressler.

## JORDAN LOSES HIS LICENSE

### By GEORGE ARFELD

SAN FRANCISCO (AP)—The California Athletic Commission lifted Don Jordan's boxing license permanently Wednesday after hearing a referee's report that the former welterweight champ "took a dive" in a recent bout.

The fight in question ended in the first round Oct. 5 when Jordan went down for the count during the bout with Raymundo (Battling) Torres of Reynosa, Mexico. Ringsiders said they didn't see Jordan hit. Jordan had gone into

the Los Angeles bout a 3-1 underdog after seven consecutive losses.

Secretary Clayton Frye of the Athletic Commission, watching the fight from several rows back, sprinted to the ring and immediately declared it "no contest." Torres later was absolved of any misconduct and was awarded his share of the purse. He has a 47-4 record, including 39 victories by knockout.

The commissioners directed that Jordan's \$1,500 purse be forfeited. But they said they will give him a chance to appeal both the license revocation and forfeiture of the money.

## To Attend Reunion After 55 Years

Some of these folk who were pupils at the Woodside School in Straban Twp., north of Hunterstown, 55 years ago, are expected to be on hand for the Hunterstown-Woodside School reunion to be held next Sunday at the Great Conewago Presbyterian Church at Hunterstown.

The teacher, Ella Yeagy Ehrehart, standing at the extreme right, is deceased. The former pupils are, left to right, front row, Lloyd Herman, Bessie Emlet, Arthur Donohue, Ruth Sponseller Letherly, Ray Guise, Wirt Emlet, Estella Fidler Millar, Charles Hess, Gertrude Yohe, Miley Yohe and Maud Yohe King; middle row, May Yohe Sowers, Lawrence Fidler, Myrtle Beamer Guise, Cyrus Yohe, Belle Yohe Sowers, Herbert Yohe, Susanna Fleming Stitt, Charles Emlet, and back row, Dora Deardorff Settle, Lloyd Sponseller, Anna Weaver Neely, Frank Weaver, Norma Fidler Hoffman, Earl Guise, Katie Sponseller Smith, Harry Fidler and Mary Beamer Guise.

High St.; Lela Wagner Shultz, Miss Hypatia Diller, York Springs; Gail R. Bell, Gettysburg R. 4; John Miller, W. Oxford R. 2; George Weaver, Gettysburg R. 4, and John Black.

### \$35 A MONTH

The Hunterstown list included Ella Yeagy, Harry Deatrick, Mary Bream Storrick, Eva Boyer, Margaret Howard, Jennie Taughinbaugh, Frank Weaver, C. Miller, Margaret Sies Spangler, Dorothy Hykes Bricker, Frank Carnes and Martha Minter Wolford.

The search of old school records showed that the Straban Twp. tax rate for school purposes in 1905 was three mills and went up a half mill in 1909. By 1926 it had gotten up to 12 mills. Teachers were paid at the rate of \$35 per month in 1905 and the township tax duplicate in 1905 was only \$2,126. By 1909 the teachers were being paid as much as \$60 a month.

### OUT OF THE PAST

One entry in the school records

This picture was taken at the Hunterstown School in 1911 when Miss Margaret Howard and Jennie Taughinbaugh Weaver (center) were the teachers at the two-room building. The pupils pictured here with them include, left to right, front row, Lovina Leer, Minnie McGuigan Stock, Annie McGuigan Geisler, Carrie Little Olinger, Ethel Thomas Taughinbaugh, Esther Taughinbaugh Garber, Lottie Smith, Myrna Raffensperger, Margaret Taughinbaugh Deatrick, Annie Mathews Yohe, Laura Kemper, Mammie Mathews Uzelac, Catherine Little King and Edith Englebert Criswell; back row, George Taughinbaugh, David Taughinbaugh, G. Ed. Taughinbaugh, Luther Decker, Delbert Brown, Charles Little, Charles Mathews, Nervie Little, Merle Little, Nevin Englebert, Harry Walker and James Ford.

In 1912 showed the "supplementary reading," a term still familiar in school curricula, was discussed by the school board with Prof. J. I. Burgoon, then Gettysburg principal.

Old records for Hunterstown school show that G. Edward Taughinbaugh, later a county commissioner, went to Gettysburg to take his final exam in 1912 along with Susanna Fleming from Woodside. In the first county spelling contest in 1914, Hunters-

town qualified four contestants with grades of 95 or better: Esther and George Taughinbaugh, Kathryn Little and Carrie B. Little, each with a score of 99 or 100.

Straban school board officers of a generation or two ago included: 1910, John Taughinbaugh, president, and Otis Logan, secretary; 1911, Calvin I. Bentzel and Robert K. Mayor; 1912, Luther T. Cashman and William Coshun; 1914, William F. Fleming and Mr. Mayor; 1904, W. D. Taughinbaugh and Daniel Reynolds; 1905, H. Clayton Wagner and Mr. Reynolds.

1907, Rufus Sponseller and Mr. Reynolds; 1908, Mr. Wagner and Mr. Reynolds; 1909, Levi Deardorff and Mr. Reynolds.

SAN FRANCISCO (AP)—Sonny Liston must appear before the State Athletic Commission and apply for a license to fight in California before he will be recognized as world heavyweight champion.

A motion to that effect was passed 3-2 Wednesday after a minority of the commission presented a motion saying California does not recognize Liston as world champion.

The note of sorrow came when Bishop Joseph B. Burke, 76, of

PHILADELPHIA (AP)—William W. Scranton, Republican candidate for governor of Pennsylvania, was greeted warmly by most riders Wednesday as he campaigned in the subways but one woman asked: "Are you a Republican?" When Scranton answered yes, the woman said: "You ought to be ashamed of yourself."

# As The South, So Goes Committee Power

By ARTHUR EDSON  
AP Newsfeatures Writer  
WASHINGTON (AP) — Congressionally speaking, the South has risen again — and is in firm control.

President Kennedy is saying that this November's election must produce a Democratic Congress if his programs are to thrive. What he isn't saying is that he has a Democratic Congress right now, and that he finds it a little less than wonderful.

For one thing, many conservative Democrats line up with Republicans to defeat him on key votes. For another, some committee chairmen who could be responsible for nudging Kennedy's program along are doing their best to block it.

It is here that the South shines.

**TOP 8 COMMITTEES**

Let's pick the top eight Senate committees (the choice has to be arbitrary) and see who are their chairmen:

Agriculture, Sen. Allen J. Ellender (La.).  
Appropriations, Sen. Carl Hayden (Ariz.).  
Armed Services, Sen. Richard B. Russell (Ga.).  
Banking, Sen. A. Willis Robertson (Va.).  
Finance, Sen. Harry F. Byrd (Va.).  
Foreign Relations, Sen. J. W. Fulbright (Ark.).  
Judiciary, Sen. James O. Eastland (Miss.).  
Labor, Sen. Lister Hill (Ala.).

The South's score: Seven chairmen out of eight committees.

**EIGHT POWERFUL**

Numerically, at last, House committee chairmen don't have such a pronounced southern accent.

Here are eight of the most powerful:

Agriculture, Rep. Harold D. Cooley (N. C.).  
Appropriations, Rep. Clarence Cannon (Mo.).  
Armed Services, Rep. Carl Vinson (Ga.).  
Banking, Rep. Brent Spence (Ky.).  
Education and Labor, Rep. Adam C. Powell (N. Y.).  
Judiciary, Rep. Emanuel Celler (N. Y.).  
Rules, Rep. Howard W. Smith (Va.).  
Ways and Means, Rep. Wilbur

Mills (Ark.).

Two of these spots are particularly vital, and both are held by southerners.

Ways and Means, presided over by that unspectacular but knowledgeable Arkansas lawyer, Wilbur Mills, is the most potent committee of all. It originates money bills, and money is what makes a government go 'round.

**CAN BLOCK OTHERS**

Rules, conducted by that courtly, canny Virginia gentleman, Howard Smith, plays a major

role in deciding what bills are to reach the floor and under what conditions.

Like so many other aspects of Congress, a chairman's power is chiefly negative. He may not be a driving force himself, but by skillful heel-dragging he may block other forces from driving.

The South gets its great advantage because Congress — much more determinedly than a labor union — clings to the seniority system. The longer a Senator or Congressman hangs around, the more certain he is of heading an

important committee.

Since the South is predominantly one party, the southerner is often home free if he can win his Democratic primary. And back he comes to Washington, to pile up more seniority.

**WORD OF CAUTION**

Now, a word of caution: Many a southern chairman supports John F. Kennedy on most issues. Others may support him one day — and desert him the next.

As a former Congressman, Kennedy knows it doesn't matter

## EVEN NEWER BEHIND THE WHEEL!

You'll never know how really new a 1963 Cadillac can look until you've seen it from the driver's seat. For only in *action* does this great car reveal all its secrets.

Here's a hint of what you have in store: A newly refined engine so silent you won't be quite sure it's running—until you touch the accelerator pedal.

And then! The instantaneous response will bring you quickly up to date on Cadillac's new true-center drive line. For as the big car glides away from the curb and down the road, you'll experience a wholly new sensation in smoothness. The exclusive design and precision assembly of the new Cadillac drive line

makes the flow of power from engine to rear wheels incredibly smooth under all load and road conditions.

And while you're at the wheel, be sure to adjust it to your favorite angle. This year, the new Cadillac adjustable steering wheel moves easily to six different positions. It's an extra-cost option, convenient for the family and especially refreshing on long journeys.

But these are only a few of the seventy ways in which Cadillac performance, ride and handling have been advanced in 1963. Make an early date with your authorized dealer to sit at the wheel of a new Cadillac. It's the world's nicest place to sit.

whether he likes this or not. Seniority is here to stay, and Congress doesn't fret too much over what a President wants.

As a student of history, Kennedy knows nearly all Presidents run into somewhat similar problems.

"I am having my own troubles here," President Theodore Roosevelt wrote back in 1905, "and there are several eminent statesmen at the other end of Pennsylvania Ave. I would gladly lend to the Russian government — if they care to expend them as bodyguards for grand dukes whenever there was a likelihood of dynamite bombs being exploded."

**MOSCOW (AP)**—The Soviet Union has announced the launching of another Sputnik—Cosmos X.

The Soviet news agency, Tass said it was packed with scientific instrument, and everything was functioning normally.

New York state has 9.5 per cent of the nation's population and 11.8 per cent of its personal income. However, the state's savings banks hold 59.2 per cent of the nation's savings bank deposits.

## FUSS OVER TV TAPE GOES ON; SWAP CHARGES

PHILADELPHIA (AP)—Rep. James E. Van Zandt, Republican candidate for U.S. Senate, says he plans to confer with lawyers in Harrisburg today unless Democrats withdraw charges that he illegally obtained and possesses a television tape of an encounter with his Democratic opponent.

Van Zandt made the statement in an address Tuesday night before a Republican rally in the city's Third Congressional District.

Van Zandt purchased the tape of an encounter with Sen. Joseph S. Clark Oct. 5 over W-T-A-E in Pittsburgh. Van Zandt was surprised on a 15-minute television program in which Clark had challenged him to a debate. Democrats said Van Zandt monopolized much of the time, firing charges at Clark and giving him little time to reply.

### CHARGES CENSORSHIP

Departing from prepared remarks, Van Zandt said Clark was "stuttering, floundering, and surprised" after he suddenly accepted his invitation to the television debate. He said Clark afterward was frantic to keep tapes of the debate from being shown again.

Earlier at a news conference, Van Zandt charged the Democratic state committee with "plain censorship" for what he called its complaint to 20 television stations that he illegally secured the tape.

He said the complaints contained in a telegram signed by Democratic State Chairman Otis B. Morse, scared off the television stations from carrying the tape of the debate which was shown live only over W-T-A-E.

The telegram charged Van Zandt with planning to "telecast out of context parts of a program paid for by the committee." It cautioned the stations against using the tape.

Van Zandt said he planned to use the tape as an advertisement on stations throughout the state. He said he thought, however, that the stations would back down from carrying it after receiving Morse's wire.

Dick Anderson, Penn State end, will captain the Nittany Lion baseball team next spring. He's an outfielder.

## A Lovelier You

By MARY SUE MILLER  
CASE OF THE DISAPPEARING  
FEATURE. A lovely writes:  
My jawline has disappeared be-

hind a wall of crepsiness. Is there any sort of make-up that would render the condition less noticeable?

The Answer: Make-up can indeed be used for this purpose, and with excellent effect. To turn the trick, you need two shades of

cream or fluid powder case. One shade should complement your skin tone, the other should be several degrees darker.

The application method follows: Film the entire face and throat with the complementary base. Let it set, and then lightly blot with tissue.

Now shadow the jaw bone and underside of chin with the darker base. Blend by molding the jaw bone between the thumbs and forefingers, by feathering the line under the chin.

Lastly fluff powder onto the face and throat; remove any excess with quick, downward strokes. Once you get the knack, that wall of crepsiness will seem to crumble.

For an actual break-through, however, some basic procedures are necessary. The skin must be kept moist and stimulated. The muscles must be tuned up via exercise and massage. That way the jawline reappears—for real.

To firm and uplift sagging facial muscles and flesh, use my four-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "BANISH CREPEY THROAT & CHIN." For your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing 10 cents in coin and a large self-addressed, stamped envelope.

## PRELATE SEES ONE CHRISTIAN CHURCH SOON

TRENTON, N.J. (AP)—"I think that ultimately there will be one Christian church," the Archbishop of Canterbury said Tuesday night.

Such a church would embrace national churches that would retain many of their individual characteristics, the Most Rev. Arthur Michael Ramsey, the Anglican leader, said at a news conference after his sermon at Trinity Episcopal Cathedral here.

On the question of whether there would be an eventual union of Roman Catholic and Anglican churches, he said there would have to be some concession on both sides.

The archbishop also said that in the light of English experience, state aid to denominational schools is not injurious to democratic processes. He said, however, he was not versed in the details of the United States controversy over government aid to private schools.

This is National School Lunch Week, the first nationwide observance of the program which is helping to provide nutritionally balanced meals for a major segment of our school-age population. Subsidized by the Federal, State and local governments, this program supplies one-third to one-half the daily nutritional needs of school-age youngsters and at the same time provides an opportunity to teach children what they should eat for good health, observes Tom Piper, Penn State extension marketing agent.

Plentiful foods, economically priced, afford ample opportunities for well-balanced meals at home. Foodshoppers will find meat prices holding about steady at the lower levels established last week. Special promotion are expected on poultry, beef and pork this weekend. This will include broiler-fryers, pork roasts, chops and hams plus chuck roasts and beef steaks.

### APPLES EMPHASIZED

Fish and set food are regularly promoted at this time of year as the main fishing season ends. Fish is becoming more popular

as the industry finds new and better ways to package and process it. This item was recently listed among the top 10 favorite foods of young people between the ages of 9 and 18, due largely to the popularity of fish sticks. It has been estimated that 85 per cent of the sea food products now sold in retail stores were not on the market 10 years ago.

Cauliflower, cabbage, beets, broccoli, celery, potatoes and leafy greens persist as bargain buys. Favorable temperatures and ample rainfall has increased the supply of many of these fall vegetables. Squash, pumpkins and the colorful Indian corn and decorative gourds are in plentiful supply too.

Apples remain the center of attraction at the fruit counter as harvesting moves ahead rapidly. Harvest of Florida grapefruit is progressing and the crop is estimated to exceed that of a year ago. Cranberries, Bartlett pears and Tokay grapes are economical prices.

Processed tomatoes, green beans, sauerkraut, corn, peas and spinach are major items from the mammoth new pack that will cost less. Rice, cheese, frozen orange juice and eggs may be included on the list of items currently in plentiful supply and available at prices which reflect this condition.

DALLAS, Tex. (AP)—Nineteen persons were injured, one seriously, when a small paddlewheel pleasure boat exploded in a shallow lagoon at the State Fair of Texas Tuesday night.

Firemen said gasoline fumes from the boat's inboard engine apparently exploded.

ATLANTA (AP)—A 38-year-old Negro lawyer in his first political campaign merged Wednesday atop a four-man race for the Democratic nomination to one of Georgia's newly redistributed state senate seats.

If he wins the Oct. 23 runoff, Leroy R. Johnson will face general election opposition from an-

other Negro, Republican T. M. Alexander who was unopposed in the GOP primary Tuesday.

WASHINGTON (AP)—France is negotiating with the United States to buy a nuclear-powered submarine, informed sources report.

The submarine would be of the Nautilus class, the first of the atomic submarines, which does not carry Polaris missiles, the sources said Tuesday.

There was no official confirmation of reports of the sale negotiations. The State Department, the Pentagon and the White House declined comment.

## CAREER WOMAN HAS INTEREST IN PACKAGING

BY JEAN SPRAIN WILSON  
WASHINGTON (AP)—What happens to President Kennedy's proposal for stronger laws protecting the consumer from misleading packaging practices, among other things, is of more than passing interest to one housewife and career girl, Carla Williams.

She is the chic brunette with big brown eyes and a golden tan who recently in the course of her job took the American homemaker's temperature and found her burning up.

Shrinking packages, half empty boxes, ambiguous wordage on labels and type that defies reading are just a few packaging practices which have shoppers in an angry rage, Mrs. Williams testified at Congressional hearings.

As director of consumer programming for the Pure Food and Drug Administration, Mrs. Williams supervises the activities of 18 part-time home economists in that many national districts. Along with providing facts about foods, fads, additives, antibiotics to groups of homemakers, the district representatives also gather public reaction to these things.

### MORAL REACTION

Last year about one-third of the questions and complaints relayed to Mrs. Williams have concerned packaging and labeling.

"I would not be surprised if this were a depression when every penny has to count," she says. "But in these affluent days I think this must be a moral reaction. It is not so much the money with women as it is a rebellion against being duped."

After Mrs. Williams' appearances at the hearings and on a subsequent TV show her office was inundated with mail containing compliments, complaints, and suggestions.

Some protested the inclusion of unwanted premiums such as toys, dish cloths and cereal bowls in food packages, on the grounds that this is unsanitary.

Fancier packages at higher prices annoyed other letter writers who were not impressed by market research reports stating that women prefer them.

Other correspondents wanted, not the weight on the container's label, but instead the number of servings. And diet-conscious women suggested that while the government was at it why doesn't it insist on labels with the caloric content?

However, the major complaints were:

- Food packaged in transparent bags with information appearing against the background of the product itself in printing the same color as the product.

- Type size on labels too small to read, or printed on dark backgrounds with the same result.

- Bags and boxes half full. (Manufacturers explain that food settles after it's packed.) Card-board bottoms in cookie and can-

## Here's The Answer

By ANDY LANG  
The Associated Press

QUESTION: All of our closets are cedar. They are 10 years old and all the cedar odor is gone. This condition began about a year ago.

At that time, we saved one of your writeups about this subject, but now that we need it, we can't locate it. Could you please tell us what to put on the cedar to bring back the odor?

ANSWER: You do not put anything on the cedar; you take something off. When the odor disappears, it is because the pores of the wood have become clogged with dirt over the years.

Another possibility is that someone may have decided to put some kind of finishing material on the wood, which also stops the odor. To restore the cedar to its original condition, assuming that no finishing material has been put on it, a good sanding job is necessary. Use a fairly coarse grade of sandpaper and rub thoroughly.

If a finishing material has been put on it, you'll have to use a varnish remover, following the instructions on the label carefully. When the finish has been completely removed, then proceed with the sanding as discussed above.

dy wrappers that make product appear larger sized.

- Shout words such as "GUARANTEED" coupled with petite and meaningless words as "to be a favorite cereal at your house."

- Shrinking size and contents of packages so subtly that regular customers do not notice the change, but without shrinking prices.

However, she never reports the consumers' complaint without championing the majority of food manufacturers for improving the lot of the American homemaker immeasurably.

"None of us is engaged in shaping viewpoint," she says of the 18 home economists and herself. "We just report it."

### SHE SHOPS, TOO

Nevertheless, on Saturday mornings grocery shopping and package twisting does become a personal matter with Mrs. Williams, wife of Carrington Williams, a lawyer.

"I'm a careful shopper, a label reader," she says of her peregrinations through the supermarket jungles. "But it takes an MIT grad to be able to compare the difference between a Giant 4 2/3 quart and a Super 20 oz. bottle."

"Just for fun my 11-year-old son, Barclay, sat down at his desk to figure how much each of several dog foods were per ounce. He gets A's in arithmetic, but he had difficulty. Can you imagine a housewife trying to figure it standing in a crowded aisle?"

Born, reared and educated in Missouri, Carla Williams comes by her show-me attitude naturally. Roads to her present job included personnel work, social welfare, overseas duty with the Red Cross, and leadership in charity and civic activities, public relations and politics.

## ASIANS GIVE FASHION CLUE FOR AMERICA

By JEAN SPRAIN WILSON  
AP Fashion Writer

NEW YORK (AP)—What Asian men are wearing today may have more influence on American women's fashions — and American men's too — than all those saris Jackie Kennedy is packing into suitcases.

Authorities in the fashion industry who watch every approving nod from the pace-setting First Lady for an indication of a new trend agree on this.

Thus the millinery industry is happily anticipating a deluge of fake and real karakul astrakhans into hat shops this fall. Mrs. Kennedy not only smiled her mil-smile on the traditional cap of the Pakistani male, she wore it, and packed some karakul home with her.

Sartorial American men can smugly point out that it's the same cap they've been warming their heads with for the past two years, but what woman cares?

### SILKEN SOUVENIR

The men's wear industry is ecstatically welcoming back another old fashion, silk saris jackets, as a result of Mrs. Kennedy's recent Near Eastern shopping. The President's wife bought five yards of the fabric to have one made for her husband, which is all a five-year-old style needs for a comeback.

"Look what the President did to popularize the old style two-button suit," says a spokesman for the industry.

Although it hasn't been reported that Mrs. Kennedy bought any, the Indian rajah coat worn by many men surrounding her during her Eastern visit is expected to boost that brand new fashion silhouette, "the spare look."

### A LOOK TO SPARE

"It's a curious thing," says designer Bill Blass, "but garments almost all Oriental men wear have that so-called spare look which is so well liked today."

(A spare silhouette is usually a plain slim unbroken line that widens very slightly at the knee.) But a sari in the average American girl's wardrobe? "Never," says Blass, who usually always has one "for spice" in his collections for Maurice Rentner. "The draping would defy mass production methods."

"Never," reiterate designers Ferdinand Sarri and Jacques Tiffau. Although they don't underestimate Mrs. Kennedy's fashion influence, ever, they don't believe the costume could or should be simplified, or Westernized. "As is, it doesn't have a place in our kind of life," says Tiffau who borrowed the Japanese obi influence for his Monte Sano collection.

American women who wear the exotic Hindu dress receive careful instructions for the complicated draping from Asian import shop personnel.

## Union Votes Strike Against Bus Firm

WILKES-BARRE, Pa. (AP)—Unionized employees of Martz Coach Co. Tuesday night voted to strike if a contract is not negotiated by Nov. 6.

Horace Brill, business agent for Division 1119, Amalgamated Association of Street Electric Railway and Motorcoach employees of America, reported a session was held between the union and management Tuesday morning but no progress has been made toward settlement of a new contract. He said the next meeting with management will be held Monday.

## Hidden Meaning Wins Handicap Race

NEWMARKET, England (AP)—Hidden Meaning won the 120th running of the Cambridgeshire Handicap from a record field of 45 other runners Wednesday.

Hasty Cloud came second and Bewildroom was third.

Hidden Meaning, ridden by Australian scribe Breasley, started a 7-1 betting favorite in the one-mile one-furlong race. Hasty Cloud was 20-1 and Bewildroom was 100-8.

Kingbenitch came fourth at 22-1. The Cambridgeshire is the final race of the British flat racing season and is the last of the year to be used as the basis for the Irish Sweepstakes.

### GIRL IS KILLED

LANCASTER, Pa. (AP)—Darlene Marie Gible, 17, of Manheim, was killed Tuesday night when the car in which she was riding failed to make a curve on a rural road five miles north of here and hit a utility pole.

The girl, daughter of Mr. and Mrs. Alvin Gible, was thrown through the windshield, and the car overturned on her.

### REFLECTS GOOD WILL

ROME (AP)—Bishop Fred Pierce Corson of Philadelphia, president of the World Methodist Council, said Wednesday the Roman Catholic council reflects good will between churches.

Bishop Corson made the comment as he boarded a plane to fly to New York.

He has been an observer at the Ecumenical Council, Vatican II. He was received by the Pope on Monday.

is wrapped around the waist to cover the legs, draped full in front, then wound over the bosom, the left shoulder, and sometimes the head.

None of New York's import houses report an increase in sari sales as a result of Mrs. Kennedy's widely publicized interest in them. "Maybe it's too soon yet," one shop owner sighs hopefully.

And maybe, as the designers predict, the average Jackie Kennedy follower (who can puff up her hair, wear pillboxes, sleeveless dresses, elbow length gloves and low heeled pumps as easily as they can read about them in the papers) feel that they can't master the sari drape.

## YEMEN ISSUE CONFUSED BY NEW RUMORS

DAMASCUS, Syria (AP)—Broadcasts reporting that de-throned Imam Mohammad Al-Badr is still alive and carrying on the fight multiplied the confusion today over the future of Yemen.

The pro-royalist Amman radio in Jordan said Al-Badr is "leading royalist forces and tribesmen from many points to liberate the capital of Sana from the insurrectionists."

Meanwhile, the revolutionary regime claimed to have wiped out "the last traces" of royalist resistance to the republic it proclaimed Sept. 26. Rebel leaders had said Al-Badr was killed in a shelling of his palace, but they never produced the body.

"CALLS SESSION"  
Mecca radio, controlled by the pro-royalist Saudi Arabian government, said Al-Badr had dispatched messengers proclaiming himself still ruler and had called for an emergency session of the Arab League Council to "study the dangerous results of this insurrection."

Amman radio said Al-Badr sent telegrams to all Yemeni legations abroad informing them he had set up his headquarters near Hajja, a town 70 miles northwest of Sana. The broadcast said he had taken over command from his uncle, Prince Saif Al-Islam Al-Hasan, chief Yemeni delegate to the United Nations, who had rushed back to claim the title after reports that Al-Badr was killed in the revolution.

**ALWAYS A WINNER**  
SCHENECTADY, N.Y. (AP)—Kayo Wayner believes he may hold a record of some kind as a basketball coach. In 40 games as coach of various teams, he never lost a game.  
His record: Annunciation High, Denver, 1949-50, 33-0; a Schenectady semipro team in two invitation tournaments, 1959-60, 6-0, and the Capital District Schoolboy All-Stars, 1959-60, 1-0.

"It's nice to say I never lost

## Houk Lauds Catch By Young Rookie

SAN FRANCISCO (AP)—Virtually overlooked in the jubilant Yankee dressing room after the New Yorkers had won the World Series Tuesday by beating the Giants 1-0 was rookie outfielder Tom Tresh.

But while pitcher Ralph Terry was mobbed by reporters Ralph Houk, Yankee manager, gave due credit to his star rookie.

"His catch on Willie Mays in the seventh inning saved the game," Houk said.

The catch probably will go down as one of the best in series history. Tresh raced into the left field corner to snare Willie's drive and turned into an out what appeared to be a sure two-bagger. Willie McCovey followed with a triple, but he was left stranded.

## Cyclist Had No Auto Problems

ROCHESTER, N. Y. (AP)—An attorney questioning prospective jurors for a negligence trial involving a motorcycle was seeking to insure against a prejudiced jury. He drew from an elderly, white-haired gentleman the concession that yes, he had once owned a motorcycle.

"When was that?" asked the attorney.

"About 50 years ago," said the elderly gentleman.

"Now, then," said the attorney. "Did you ever have the feeling, when you were driving your motorcycle, that all the automobiles were ganging up on you?"

"What automobiles?"

NEW YORK (AP)—The Shakespeareanwrights, an off-Broadway group previously dedicated to the bard's works exclusively, is shifting to expanded repertory.

Donald Goldman, who started the project seven years ago, has set the "Electra" of Euripides as the first production under the revised setup. The same cast will be used for a musical version of "Twelfth Night."

Goldman thereafter plans to insert additional works into the schedule at regular intervals.

## SID CAESAR'S ACT TUESDAY DISAPPOINTS

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—Sid Caesar is known as a "comedian's comedian," admired for his invention, convincing pantomime and brilliant dialect.

Tuesday night, Caesar returned to television after a long absence with a half-hour show on ABC. For some reason, he ignored his specialties and went in for broad slapstick.

The opening of the show consisted mostly of ripping up the felt on a pool table. Another was a complicated sketch about a brain (played by Caesar) directing a

salor's romance. There was a long, silent argument to symphony music, and a hectic sketch about a man with some free tickets to a \$50-a-plate dinner.

None of it, alas, was very funny or even amusing. Caesar can do so much better and will, one hopes, in subsequent shows.

### FRESHET OF MAIL

A recent column concerning the untimely death of a soap opera character (Jeff Baker of "As the World Turns") resulted in a freshet of mail from daytime television viewers.

Surprisingly, many viewers appear to be brooding still over the disappearance—by death or banishment—of characters from other shows, particularly Mike Karr of "Edge of Night" last season. Mike, however, did not die. He went to a new position in a distant community and has not been heard about since.

## BEN BELLA GETS CHANCE TO SEE CASTRO'S CUBA

By GEORGE ARFELD

HAVANA (AP)—Premier Ahmed Ben Bella of Algeria, who says his new nation will stand forever beside Fidel Castro's Cuba, got a chance Wednesday to look at the Cuban revolution results he avowedly admires.

In reply to greetings from Prime Minister Castro, who loosed a tirade against "Yankee imperialism," Ben Bella said on his arrival Tuesday from talks with President Kennedy in Washington: "Brotherhood always reigned between Cuba and Algeria. Algeria is and will be with Cuba. History has willed it that both people meet on the road to liberation."

Castro met the Cuban airliner that brought Ben Bella from Washington and declared in his welcoming address: "To visit Cuba at a time when the United States is redoubling its criminal blockade, when the Yankee imperialists threaten to attack, is on your part an act of political firmness and valor."

**BOTH IRREVERSIBLE**  
Castro said "the Algerian and Cuban revolutions are irreversible." Ben Bella in turn praised "the extraordinary progress" of the Cuban revolution. He also noted that Algeria's National Liberation Front had awarded its golden

John Larkin, who played Mike for many years, merely have to tune in on "Saints and Sinners" any Monday night. There is Larkin. He has changed his network (from CBS to NBC), changed his last name (he's now calling himself Mike Grainger) and his profession (from lawyer to newspaperman).

### NECESSARY SOMETIMES

Meanwhile, Lyle Hill, who produces CBS' "As the World Turns," and therefore had responsibility as chief executioner of Jeff Baker when the actor who played the part, Mark Rydell, wanted to broaden his acting base, offered further explanation.

"Sometimes it is necessary to have a character die," he said. "That's true partly because we try to make the series more or less mirrors of life—and tragedies do occur in life—but it is also true that we must kill a character when he or she is so closely tied into the plot that we can't recast the part."

## Italian Hospitals Struck By Walkouts

ROME (AP)—Administrative and technical personnel in Italy's state hospitals went on strike Wednesday for four days, continuing a series of walkouts that have hit Italian hospitals in the past month.

Interns went on a one-day strike today. Doctors and nurses have staged several strikes in recent weeks and threaten others. All are demanding pay increases, night differentials, and better social security benefits.

## ALLENTOWN TO GET LOANS

ALLENTOWN, Pa. (AP)—Two local industrial development groups report they will get three Pennsylvania industrial development authority loans to help finance plant construction for new industries.

The Lehigh Valley Industrial Development Corp. said Tuesday it obtained a PIDA loan for \$80,000 to help build a plant in Allentown for the Holan Corp., a subsidiary of Ohio Brass Co. The company makes mobile equipment for power utility companies. The plant will employ about 75.

The Carbon-Schuylkill Industrial Development Corp. said it had PIDA loans of \$640,000 and \$311,000 for two plants in Green Acres Industrial Park, in the Hauto Valley near Nesquehoning.

The tenants of the proposed plants were not identified. The larger plant reportedly will employ 400 persons and have an annual payroll of \$2.25 million. The plant will cost about \$1.6 million.

Medal of Honor to only one person—Castro.

After the roaring welcome and a 21-gun salute, Ben Bella and Castro held private talks at an official residence in a Western Havana suburb where the Algerian is staying, informed sources said.

They added that the premier probably was interested in Cuba's experience with agrarian reforms and economic measures that may be applicable to Algeria.

Informants said Ben Bella and Castro would make a tour of neighboring Matanzas and Pinar del Rio provinces, site of some of the land reform and other projects.

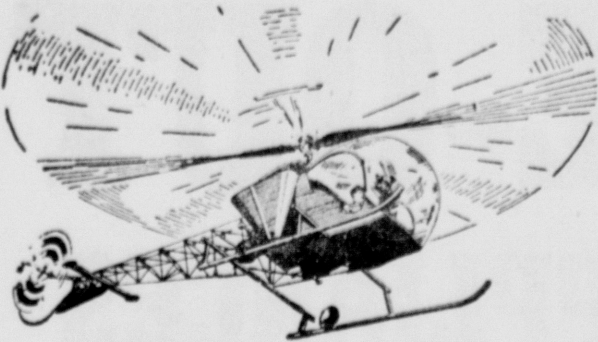

Ben Bella is expected to leave today.

# RED SHIPS ARE CHECKING ALL SPACE FIRINGS

WASHINGTON (AP)—Four Soviet ships in the Pacific are used both for reporting impact of Soviet test missile firings into that area and for monitoring space vehicles passing overhead, Pentagon sources said Wednesday.

This obviously is in addition to the surveillance they maintain on U.S. nuclear tests in the Johnston Island area.

Data on the ships—the Sibir, Suchan, Sakhalin and Chukotka—indicates they are converted from the Donbass-class cargo ships built in Poland. The conversions were completed in 1959 and the ships sent to the Pacific over the northern route, presumably during the summer season in the Arctic when passage through ice is possible.

Each ship has an over-all length of 340 feet. The Sibir, Suchan and Sakhalin have three tracking units including a dish-shaped radar tracking antenna. The Chukotka, however, does not show this type of device.

All have large, parabolic mesh antennas for long-range use and other antennas probably used for receiving signals from space vehicles. Each has a helicopter platform and hangar near the stern.

## Argentina Schedules Election For March

BUENOS AIRES, Argentina (AP)—Argentina has been promised elections earlier than expected next year, and followers of ex-dictator Juan D. Peron may be allowed to play a limited role.

Interior Minister Rodolfo Martinez said Tuesday night elections will be held next March and June instead of next October, as originally planned. He said a new government will be installed by next Oct. 12. The previous target date was May 1, 1964.

Martinez said the government will permit no return to dictatorship, but amendments will be made to the political party status law that bans Peronists and Communists from political activity.

## Bermudian School News

By Joy Neidig and Shirley Cornman

One senior at Bermudian Springs High School has been honored for her high performance on the National Merit Scholarship Qualifying Test (NMQST) given last spring. Each student who is endorsed by his school receives a formal Letter of Commendation.

JOY NEIDIG

signed by his principal and the president of the National Merit Scholarship Corporation.

Alfred R. Billett, the school's principal, has announced that the commended student is Joy R. Neidig.

Some 11,000 semifinalists will take a second examination in December to further their eligibility to receive Merit Scholarships.

Applications are now available for the Navy's annual competitive examination for its nationwide regular NROTC college training program, according to a recent announcement by the Department of the Navy. The mental examination is scheduled for Dec. 8, and is open to all high school seniors and graduates who can qualify.

The deadline date for receipt of applications is Nov. 16. Applications are available from the nearest U.S. Navy Recruiting Station, or from John Rebert, school counselor. He also has informational bulletins for interested students.

The senior class has chosen "Headin' for a Wedding" as its class play to be presented in about six weeks.

Tickets are available from any senior for the class, sponsored

roller skating party to be held at the Mary Jane Roller Rink on Nov. 2.

Friday night (Oct. 12) the seniors sponsored a Get Acquainted Hop at the school. Senior Dick Wolf was disk jockey. Several dance contests were held for which cakes and records were offered as prizes.

Natural color individual pictures of all students were taken on Friday, Oct. 12, by the National School Studios. There was no charge for the service. The completed pictures will be sent at a later time. Students may buy them then if they wish.

Roger and Mary Ritenbaugh presented an assembly program on Friday, Oct. 12, consisting of music on the Swiss bells and accordion, juggling, riding and unicycle and doing impressions. The height of the act was "Eddie," a ventriloquist's dummy.

Impromptu student participation was done by Senior Gary Shank, Junior Bob Baker and Sophomore Dan Cornman.

Seniors Susan Bricker, Arlene Davis, Helen Hankey and Lucy Prosser were introduced in Friday's assembly as the candidates for Miss Yearbook. The candidates had to rank in the top half of their class to be eligible, and were chosen by the senior class.

Miss Yearbook will be crowned at the yearbook dance to be held Oct. 26 from 8 to 11 p.m., and will participate in the York Springs Halloween Parade. She will also reign at all yearbook activities throughout the year.

Campaigning for Miss Yearbook began Monday and voting started Wednesday but will continue until Oct. 24.

Juniors Joe Wolf and James Eshleman, who attended the Pennsylvania Student Council Convention at Gateway Senior High School, Monroeville, Pa., Oct. 4 through 6, reported they received informative pointers and ideas for the building of a better student council.

Senior Barbara Wantz will be the student director for the sen-

ior class play. Barbara, who is also president of the senior class, will be responsible for setting dates for rehearsals and coordinating the efforts of the various play committees. Senior Thomas Hoff, business manager, will have charge of making posters and selling tickets.

The junior high football team began its season Friday, Oct. 5, with a 7-2 victory over Littlestown. The second game they lost 7-6 to Biglerville.

Coached by John Smarsh and Floyd McMullen, the members of the squad are: Backs John Hardy, Lloyd Garman, Paul Grove, John Baker, Bob Lancaster, Philip Aldinger and Charles Aughinbaugh; Ends Mike Hoff, Jack Cashman, Earl Reese, Sam Baker, Keith Stambaugh, Jack Breighner, Jay Cookerly and Robert Myers; Guards Jeff Fair, James Chronister, Bob Meyers, Donald Zook and Kenneth Chronister; Tackles Frank Reeve, Jack Thomas, James Griffie, James Prosser, David Cornman and

# SAY PARTS OF CUBAN MILITIA ARE REBELLING

By WILLIAM L. RYAN AP Special Correspondent

SAN JUAN, Puerto Rico (AP)—Elements in the Cuban militia and what is left of the old revolutionary 26th of July Movement are ready to take to the hills and fight Fidel Castro's Communist regime, Cuban exile sources here declare.

But these sources add that the internal resistance, which they call the only hope for Cuba's liberation from communism, is being hampered by U.S. actions.

the old 26th of July army.

**HOLD MASS MEETINGS**  
Mass meetings of "defense committees" are being held all over Cuba. The committees are part of a Communist-style, block-by-block spy system.

Cuba's economic troubles under communism have tended also to arouse disaffection even in the militia. This has so worried the regime, according to available information, that militia members get little ammunition, and their arms and bullets are taken from them at the end of each tour of duty.

One exile leader, Manolo Ray, urges that the United States make it as clear as possible to people inside Cuba that the fight is only against communism and that the United States is on the side of any underground resistance that fights the Red regime.

**FOUGHT FOR CASTRO**

Ray, who claims reliable contacts with the elements of resistance inside Cuba, fought for Castro in the revolution, which over-

threw the Fulgencio Batista dictatorship and became Castro's first public works minister. He fled when the regime veered sharply to communism.

The ex-minister says he believes strategic blunders in the United States have hampered internal Cuban resistance.

One such blunder, he asserts, has been creation of the impression that the United States supports any and all Cuban exiles.

**STILL HATE BATISTA**

Hatred of the old Batista regime persists in Cuba, despite present woes.

He says he feels that 26th of July army men who might take off for the hills hesitate for fear that former Batista people might be among those who would move in from the United States and take over after the fall of the Castro regime. They fear, he says, they would lose their own heads in that event.
